Section 1 - Overview
Information Technology Delivery and Operations Support Services (ITDOSS)
Request for Quote (RFQ)

The Federal Law Enforcement Training Center (FLETC) intends to award a single delivery order under the General Service Administration (GSA) Federal Supply Schedule (FSS) for the Information Technology Delivery and Operation Support Services (ITDOSS) to support FLETC Training Delivery Points (TDPs). FLETC TDPs are located in Glynnco, Georgia, Charleston, South Carolina, Cheltenham, Maryland and Artesia, New Mexico. The method of competition is a unrestricted. The Request for Quote (RFQ) will be solicited under GSA Multiple Award Schedule. The North American Industry Classification Code System (NAICS) code is 541519 Other Computer Related Services, and the small business size standard is \$34M.

The competition will be conducted pursuant to Federal Acquisition Regulation (FAR) Part 8.4. This RFQ does not commit the Government to pay for the preparation or submission of a quotation.

The delivery order is one (12) month base period and nine (12) month option periods. The total contract duration if all options are exercised is ten (10) years.

Period of Performance (Dates will be adjusted based off of award, if applicable)

Base Period: January 1, 2026, through December 31, 2026
Option Year 1: January 1, 2027, through December 31, 2027
Option Year 2: January 1, 2028, through December 31, 2028
Option Year 3: January 1, 2029, through December 31, 2029
Option Year 4: January 1, 2030, through December 31, 2030
Option Year 5: January 1, 2031, through December 31, 2031
Option Year 6: January 1, 2032, through December 31, 2032
Option Year 7: January 1, 2033, through December 31, 2033
Option Year 8: January 1, 2034, through December 31, 2034
Option Year 9: January 1, 2035, through December 31, 2035

Place of Performance

The place of performance may take place at Government facilities, Contractor facilities or remotely and will be specified on each order. Meetings and briefings are anticipated to be performed either onsite or virtually via MS Teams.

Travel

Contractor travel is anticipated for this requirement to interact with system users. Travel must be pre-approved by the COR. All travel shall be in accordance with the Federal Travel Regulations and FAR 31.205-46. If applicable, a not-to-exceed travel amount will be identified under a separate CLIN.

Section 2 - FLETC Statements

SPECIAL CONTRACT REQUIREMENTS

H.1 Directives, Regulations, And Instructions

The Contractor, its personnel, subcontractors, their personnel, and representatives shall become acquainted with and fully comply at all times with the Federal Law Enforcement Training Centers (FLETC) Regulations, Directives, and Instructions. Any individual shall be subject to removal from the Center for noncompliance.

In the event of a conflict between this contract and any FLETC Directive, Regulation or Instruction the contract prevails.

H.2 Operation On The Facility Safety

The Contractor shall conduct the operation(s) under this contract in strict conformance with all FLETC safety directives and Federal, State, and local requirements and with all applicable provisions of 29 CFR Part 1910 and 1926 of the Occupational Safety and Health Act (OSHA) and USACE EM-385-1-1.

The Contractor shall conform to all safety rules and requirements in effect on the award date of this contract and shall take such additional precautions as the Contracting Officer (CO) may reasonably require for safety and accident prevention purposes while performing any work under this contract. The Contractor agrees to take all reasonable steps and precautions to prevent accidents and preserve the life and health of Contractor and Government personnel performing in any way under this contract. The Contractor shall make contract personnel available for Government furnished safety and occupational training for an estimate of two (2) hours to four (4) hours annually per individual. Government furnished training may include Quality, Safety and Occupational requirements.

H.2.1 Accident Reports

Within 24-hours of occurrence, the Contractor shall prepare a report of all job-related accidents and injuries occurring on FLETC property. The Contractor shall deliver the report to the Contracting Officer Representative (COR). The Contractor shall maintain an accurate record of all accidents resulting in personal injury, death, trauma, or occupational illness or disease; exposure to hazardous materials (asbestos, lead, etc.); and all injuries reported on the Occupational Safety and Health Administration (OSHA) Form 300, Log of Work-Related Injuries and Illnesses (Section J).

H.2.2 Occupational Hazards

The Contractor shall comply with all elements of OSHA Safety and Health Standards, the FLETC Safety & Health Directives and all other Federal, State and Local regulatory requirements.

H.2.3 Fire Prevention

Contract personnel shall report fires immediately upon detection.

1. Glynco Security
 - a. Dispatch x2911
 - b. (912) 267-2911
2. Artesia Security
 - a. Dispatch x8136
 - b. (575) 748-8136
3. Charleston Security
 - a. Dispatch x911
 - b. (843) 974-6305
4. Cheltenham Security
 - a. Dispatch x911
 - b. (301) 877-8400

The Contractor shall observe all OSHA, FLETC, and National Fire Prevention Association (NFPA) requirements for handling and storage of combustible supplies, materials, waste, and trash. If combustible materials are to be stored on the premises, the Contractor shall obtain Government approval, label the containers with the fire hazard potential of the materials and store the containers in fire-rated locking metal cabinets.

H.2.4 Traffic Regulations

Contractor and subcontractor personnel operating motor vehicles on FLETC shall observe traffic regulations and posted speed limits except as defined elsewhere in this contract. The only exception to posted speed limits is passing jogging formations, when speed shall be reduced to 15 mph. Traffic laws are enforced on the Center and violations shall be assessed penalty points, which can result in revocation of driving privileges on Center.

H.2.5 Weapons

Contractor and subcontractor personnel are not permitted to bring privately owned firearms, weapons, or ammunition on the Center. This restriction includes handguns, rifles, shotguns, hunting bow and arrows, etc. All privately owned firearms, weapons, and ammunition must be surrendered/checked in at the main gate upon entry to FLETC.

H.2.6 Supervision of Contractor Personnel

The Contractor's personnel shall remain under the Contractor's direct supervision at all times. Although the Government will coordinate direction within the scope of the contract, detailed instructions for the Contractor's personnel's performance and supervision shall remain the sole responsibility of the Contractor.

H.3 Medical Treatment

Only emergency medical care is available in Government facilities to Contractor personnel who suffer on-the-job injury. The Government will NOT perform physical examinations on Contractor personnel except as specified elsewhere in this contract. Government emergency vehicles and medical personnel may be used as the first point of treatment in emergency situations affecting Contractor personnel suffering pain or whose life or limb may be in danger.

Transfer to other than Government medical treatment facilities shall be affected by the Local Rescue Squad or Security Vehicle as determined necessary by attending medical authorities. The Contractor shall render payment for care at the rates established by the CO as equitable with like services rendered in the local community. Upon receipt of a statement of charges, reimbursement will be made by the Contractor as a credit to the next billing invoice. Cost of these emergency services shall be incurred and borne by the Contractor as non-reimbursable by the Government.

H.4 Subcontracting

The Government reserves the right to approve or disapprove subcontractors for any work required by this contract. The Contractor shall obtain the CO's written approval of all subcontractors and provide copies of approved subcontracts.

H.5 Order Of Work

The Contractor shall arrange the work so that it will not cause interference with the normal conduct of Government business or with the progress of other Contractors' projects. The Contractor shall submit all work schedules for approval by the COR. The Contractor shall adhere to the established schedules.

H.6 Other Contracts

The Government may award third party contracts for additional work at or near the site of work under this contract. The Contractor shall fully cooperate with the other contractors and with Government employees and shall carefully adapt scheduling and performing the work under this contract to accommodate the additional work, heeding any direction that may be provided by the CO. The Contractor shall not commit or permit any act that will interfere with the performance of work by any other contractor or by Government employees.

H.7 Disruption Of Contractor Work Schedule

The Contractor shall promptly notify the CO and the COR when it appears that Government activities or personnel or other contractor's projects are hindering the effective execution of its work efforts.

H.8 Rights Of The Government To Perform Functions With Its Own Personnel

The Government reserves the right to perform or supplement performance of contract functions with Government personnel during periods of disaster, war emergencies, police actions, or acts of God. Such performance shall not constitute a breach of contract by the Government within the meaning of the contract clause FAR 52.212-4 entitled "Termination for Cause".

The Contractor agrees under such circumstances to permit the Government to use any essential Contractor-furnished property. The Government will equitably compensate the Contractor for use of such property.

H.9 Government Performance Of Services During Labor Strikes

Because the services called for under this contract are of critical importance to FLETC, the Government reserves the right to take over or supplement performance of this contract in the event of a labor strike by the Contractor's personnel which impairs the Contractor's ability to satisfactorily perform the contract. Under such circumstances and at the direction of the CO, the Contractor agrees not to interfere in any way with Government performance. The Contractor further agrees under such circumstances to permit the Government to use any essential contractor-furnished property. The Government will equitably compensate the Contractor for use of such property. The Contractor will not be entitled to payment for any performance period, in part or in total, during which the Government assumes performance under this clause. This clause does not limit the Government's rights under any other clause of this contract, including but not limited to, "Termination for Cause"; "Termination for Convenience", and "Inspection/Acceptance" in accordance with FAR 52.212-4(a).

H.10 Conservation

Contractor and subcontractor personnel shall actively participate in all energy conservation efforts and programs applicable to work performed under this contract. The Contractor shall instruct its personnel and subcontractors in utilities conservation policies.

H.11 Labor Relations

The Contractor shall maintain satisfactory labor relations with its personnel. Representatives of the Contracting Office will not participate in labor relation matters unless disputes develop that interfere with the proper performance of the contract, at which time the representative may endeavor to assist in settling the difficulty. The Contractor shall provide the CO with a copy of any collective bargaining agreement applicable to personnel performing on this contract.

H.12 Affirmative Procurement Of Biobased Products Under Service And Construction Contracts

The Contractor shall provide a complete list of biobased products purchased to carry out the contract requirements. The list shall be provided to the point of contact listed in FAR 52.223-2, Affirmative Procurement of Biobased Products Under Service and Construction Contracts, on each anniversary date of award. The products list shall be organized into the following three categories: Biobased products, Green products and all other products. The Contractor shall list volume to be used and total cost for each individual product in each category.

H.13 Photography

No photography, of any nature, is allowed while on FLETC without the written authorization of the CO. Submit photography requests to the CO at least two (2) business days prior to anticipated photo session.

H.14 Conduct Of Personnel

The CO may require the Contractor to remove from the job site any individual under this contract for reasons of misconduct, security, suspected or found to be under the influence of alcohol, drugs, or other incapacitating agent. Contractor and subcontractor personnel shall be subject to dismissal from the premises upon determination by the CO that such action is in the best interests of the Government. The CO has the authority to bar individuals from the installation. Such removal from the job site or dismissal from the premises shall not relieve the Contractor of the requirement to provide sufficient personnel to perform the services as required by this performance work statement.

H.15 Contractor Vehicles

All Contractor vehicles operated on Government property shall be in operable condition, maintained in good repair, and meet all local, State and Federal safety requirements. Vehicles found to be unsafe or unable to function as designed shall be removed from the job site immediately. Each vehicle operated by the Contractor under this contract shall, at all times, display a valid state license plate and safety inspection sticker, if applicable. All Contractor vehicles shall be operated in accordance with FLETC traffic regulations. Should a vehicle fail to meet the standards, the Contractor shall be liable of any resultant delays (including jeopardizing their performance report rating on contract schedules). The Contractor's name and telephone number shall be conspicuously legible on both sides of all Contractor vehicles and over-the-road equipment.

H.16 Permits

The Contractor shall without additional expense to the Government obtain all appointments, licenses, and permits required for the prosecution of the work and for compliance with all applicable Federal, State and local laws, regulations, and codes. Evidence of such shall be provided to the CO upon request.

The Contractor shall ensure that all Contractor personnel who will be driving a vehicle in support of this contract possess required license, prior to driving that vehicle. This specifically includes personnel operating FLETC Government owned vehicles in the performance of roles.

H.17 Environmental Protection

The Contractor shall comply with all applicable environmental protection requirements including all Federal, State and local laws and regulations. All environmental protection matters shall be coordinated with the CO or designated representative. In the event that a regulatory agency assesses a monetary fine against the Government for violations caused by the Contractor, or contractor equipment, personnel, etc., the Contractor shall reimburse the Government for that portion of the fine and associated costs for which the Contractor is responsible.

H.18 Access To Buildings

It shall be the Contractor's responsibility, through the COR, to obtain access to buildings and to arrange for each room/area to be opened and closed as necessary in performance of contract requirements. The Contractor shall be responsible for safeguarding all Government property and securing facilities, equipment, and materials at the end of each work period.

H.19 Key Control

Keys to include keyless entry cards or other similar control devices will be issued to the Contractor as appropriate. The Contractor shall receive, service, and account for all keys issued for use in the performance of this contract. The Contractor shall develop a system of key control and submit the written plan for the CO's approval five (5) days prior to contract start. This plan shall become a part of the quality control plan. The Contractor's plan shall ensure that all keys and lock combinations issued to the Contractor by the Government are not lost, misplaced, or used by unauthorized persons. Neither the Contractor, nor any Contractor personnel, shall duplicate or fabricate any Government key in its custody. Should replacement keys be required, the Contractor shall submit a WRITTEN REQUEST to the COR. The Contractor shall report loss or unauthorized duplication of Government issued keys to the CO or his/her designated representative within 48 hours of learning of the loss or duplication by Contractor and subcontractor personnel.

The Contractor shall control access to all Government provided lock combinations to preclude unauthorized entry. The Contractor shall immediately notify the COR when lock combinations have been compromised.

Should the security of a facility become compromised by the loss of a key by Contractor personnel, the Contractor shall be responsible for replacement cost for rekeying of locks or lock replacements as determined appropriate by the CO. In the event a master key is

lost or duplicated, all locks and keys for that system shall be replaced and replacement cost borne by the Contractor.

Contractor personnel shall not allow anyone the use of any Government key in their possession. They shall not open locked rooms or areas to permit entrance by persons other than Contractor personnel performing assigned duties. Any room unlocked by Contractor at the start of work shall not be left unattended during the service process and shall be re-locked by Contractor personnel after completion of their service duties.

H.20 Disclosure Of Information

DISCLOSURE OF INFORMATION

a. The Contractor is reminded that information furnished under this contract may be subject to disclosure under the Freedom of Information Act (FOIA). Therefore, all items that are confidential to business, or contain trade secrets, proprietary, or personnel information must be clearly marked. Marking of items will not necessarily preclude disclosure when FLETC or the Government determines disclosure is warranted by the FOIA. However, if such items are not marked, all information contained within the submitted documents will be deemed releasable.

b. Any information made available to the Contractor by the Government must be used only for carrying out the provisions of this Contract and must not be divulged or made known in any manner to any person except as may be necessary in the performance of the contract.

c. In performance of this contract, the Contractor assumes responsibility for protection of the confidentiality of Government records and must ensure that all work performed by its subcontractors shall be under the supervision of the Contractor or the Contractor's responsible employees.

d. Each officer or employee of the Contractor or any of its subcontractors to whom any Government record may be made available or disclosed must be notified in writing by the Contractor that information disclosed to such officer or employee can be used only for the purpose and to the extent authorized herein, and that further disclosure of any such information, by any means, for a purpose or to an extent unauthorized herein, may subject the offender to criminal sanctions imposed by 19 U.S.C. 641. This section provides, in pertinent part, that whoever knowingly converts to their use or the use of another, or without authority, sells, conveys, or disposes of any record of the United States or whoever receives the same with intent to convert it to their use or gain, knowing it to have been converted, shall be guilty of a crime punishable by a fine of up to \$10,000, or imprisoned up to ten years, or both.

H.21 Implementation Of E.O. 13224-Executive Order On Terrorist Financing
The Contractor is reminded that U.S. Executive Orders and U.S. law prohibits transactions with, and the provision of resources and support to, individuals and

organizations associated with terrorism. It is the legal responsibility of the Contractor to ensure compliance with the United States Executive Orders and laws.

H.22 Advertising of Award

The Contractor shall not refer to awards in commercial advertising in such a manner as to state or imply that the product or service provided is endorsed or preferred by the Federal Government or is considered by the Government to be superior to other products or services.

H.23 Damage Reports

In all instances where Government property or equipment is damaged by Contractor personnel, the Contractor shall submit a full written report of the facts and extent of such to the COR within 24 hours.

H.24 Property Damage And Personal Injuries

The Contractor shall assume full responsibility for any and all damages or claims for damage for injury to persons, property, or equipment which results from any service performed under this contract. The Contractor shall repair or replace to the satisfaction of the CO or his representative any surfaces, fixtures, furnishings, structures, equipment, material, or supplies which were damaged by Contractor personnel. The Contractor shall abide by the decision of the CO whether to repair or to replace items, property, or structures when damage is caused by any of the above. The Contractor shall accomplish such repair or replacement at no cost to the Government within five (5) business days following occurrence of the damage unless otherwise agreed upon by the CO.

H.25 Indemnity And Liability

The Contractor shall exercise reasonable care and use the Contractor's best efforts to prevent accidents, injury, or damage to all persons and property in and about the work and to the facility or part(s) thereof upon which work is done.

The Contractor shall indemnify and hold harmless the Government against any and all liability claims and costs for injury to any property (Government or otherwise) arising from the occupancy, use, service, operation or performance of work in connection with this contract resulting in whole or in part from the negligent acts or fault of the Contractor or any subcontractor, or any employee, agent or representative of the Contractor or any subcontractor.

The Government will in no way be responsible for damages or loss occasioned by fire, theft, and accident or otherwise to the Contractor's stored supplies, materials, equipment, or its personnel's personal belongings.

The Contractor shall indemnify the Government against any and all liability claims for injuries, or death of any person and for loss or damage to any property occurring in

connection with the occupancy, use, service, operation, or performance of work in connection with this contract resulting from the negligent acts or fault of the Contractor, any subcontractor, any employee, agent, or representative of the Contractor or subcontractor.

H.26 Contractor Liability For Acts Of God

The Contractor shall not be held responsible for damages incurred as a result of an Act of God, including but not limited to: flood, lightning, hurricane, tornado, earthquake, and unusually severe weather conditions documented by the National Weather Service as differing from the norm for this geographical area. The Contractor shall take all necessary precautions or measures to protect Government property and equipment if warning is given. If the Contractor is found to be negligent in his efforts to minimize damages, the Government shall hold the Contractor liable for those damages and associated costs.

H.27 Insurance

The Contractor shall procure and maintain insurance at the Contractor's expense during the term of the contract and any extensions. Before starting work under this contract, the Contractor shall certify to the CO in writing that the required insurance has been obtained. Within 10 days after the award of this contract, the Contractor shall furnish to the CO a certificate of insurance as evidence of the existence of the following insurance coverage in amounts not less than the minimum amounts specified below:

1. Comprehensive General Liability: \$200,000 per person and \$500,000 per accident for bodily injury and \$50,000 per occurrence for property damage
2. Automobile Insurance: \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage
3. Standard Workers' Compensation and Employer's Liability Insurance in the minimum amount of \$100,000.

The general liability policy shall name "The United States of America, acting by and through the Department of Homeland Security (DHS), Federal Law Enforcement Training Center (FLETC)" as an additional insured with respect to operations performed under this contract.

The Certificate of Insurance shall provide for a minimum of 30 days written notice to the CO by the insurance company prior to cancellation or material change in policy coverage.

H.28 Holidays (Updated PRO 2021)

- a. The Government recognizes the following holidays: New Year's Day, Birthday of Martin Luther King Jr., Washington's Birthday (President's Day), Memorial Day,

Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veteran's Day, Thanksgiving Day and Christmas Day.

Date	Holiday
Monday, January 02 *	New Year's Day
Monday, January 16	Birthday of Martin Luther King, Jr.
Monday, February 20 **	Washington's Birthday
Monday, May 29	Memorial Day
Monday, June 19	Juneteenth National Independence Day
Tuesday, July 04	Independence Day
Monday, September 04	Labor Day
Monday, October 09	Columbus Day
Friday, November 10 *	Veterans Day
Thursday, November 23	Thanksgiving Day
Monday, December 25	Christmas Day

*If a holiday falls on a Saturday, for most Federal employees, the preceding Friday will be treated as a holiday for pay and leave purposes. (See 5 U.S.C. 6103(b).) If a holiday falls on a Sunday, for most Federal employees, the following Monday will be treated as a holiday for pay and leave purposes. (See Section 3(a) of Executive Order 11582, February 11, 1971.) See also our Federal Holidays – "In Lieu Of" Determination Fact Sheet at <https://www.opm.gov/policy-data-oversight/pay-leave/work-schedules/fact-sheets/Federal-Holidays-In-Lieu-Of-Determination>.

**This holiday is designated as "Washington's Birthday" in section 6103(a) of title 5 of the United States Code, which is the law that specifies holidays for Federal employees. Though other institutions such as state and local governments and private businesses may use other names, it is our policy to always refer to holidays by the names designated in the law.

b. The Federal holidays listed above are holidays granted to Federal employees. The Contractor shall refer to the individual wage determination (Section J) for actual holidays to be allowed for contractor employees. In the event that any of these holidays occur on a Saturday or Sunday, they shall be observed by the Contractor per the practice observed by the Government.

c. Occasionally, Federal holidays will be declared normal training days and full Contractor support will be required. Notice of this requirement will be given to the Contractor at least one week in advance.

d. The Contractor shall NOT receive premium rates for any special declared holiday for Federal employees (e.g., National Day of Mourning for death of a former president).

e. The FLETC may schedule non-training days, for example the Friday after Thanksgiving Day and on day before or after Christmas Day; however, this is not a

Federal Holiday and does not relieve the Contractor from the PM responsibilities on the non-training days.

H.29 Hours Of Operation

Normal work hours are from 7:00 a.m. through 5:00 p.m., Monday through Friday unless otherwise defined in individual specification sections. Notwithstanding the provisions of FAR clause 52.222-4, Contract Work Hours and Safety Standards Act – Overtime Compensation, work will NOT be permitted outside normal work hours, on Saturdays, Sundays, or federal holidays unless coordinated and approved by the Government Project Manager and Contracting Officer in advance. A request to work outside normal work hours must be submitted a minimum of two (2) working days in advance of the date on which such work is anticipated. The exclusion of work on Saturdays, Sundays, and holidays has been considered in computing the performance time of this contract.

H.30 Physical And Personnel Security Requirements (Updated October 2019 OSPR)

H.30.1 General Requirements

a. Contractor and subcontractor personnel in the performance of this contract or any representative of the Contractor entering the FLETC shall abide by all FLETC security regulations which may be in effect during the contract period. Any such individual(s) shall be subject to those security inspections which may be deemed necessary by the FLETC to ensure that no security violations occur during the course of the contract. It shall be the Contractor's responsibility to ensure that each applicant who is expected to perform on FLETC facilities or that requires routine access to FLETC facilities shall complete the most current versions of FLETC FTC-SEM-17 Badge Application Request form (Section J), DHS Form 11000-25 (Section J) Contractor Fitness/Screening Request Form, U.S Citizen and Immigration Services (USCIS) Employment Eligibility Verification I-9, Office of Personnel Management (OPM) Declaration for Federal Employment form OF-306 (Section J, DHS Non-Disclosure 11000-6 (Section J), and Federal Bureau of Investigation (FBI) Fingerprint Card FD-258 in order to undergo a suitability background investigation which will be either a fingerprint check, a National Agency Check with Written Inquiries (Tier 1) or a Minimum Background Investigation (Tier 2).

1) If an Tier 2 or Tier 1 investigation is required, Contractor and subcontractor personnel will be required to complete a Standard Form 85 (Section J), Questionnaire for Non-Sensitive Positions, or SF 85P (Section J), Questionnaire for Public Trust Positions. An SF 85 is required to be filled out for a Tier 1. A Tier 1 is performed on Contractor and subcontractor personnel who are considered low risk. An SF 85P is required to be filled out for a Tier 2. A Tier 2 is normally conducted for Contractor and subcontractor personnel who are in a moderate risk position or have access to Sensitive but Unclassified (SBU) information in all its forms and markings. Individuals in this category include, but are not limited to, those working as educational aides, Role Players, FLETC Security Police, firearms personnel, explosives handlers, and Information Technology (IT)

specialists. In addition, the Contractor should ensure that they have completed an e-Verify search for all Foreign National (FN) Contractor and subcontractor personnel.

2) For a cleared contract, the security background check will be conducted on the Contractor (facility) and Contractor and subcontractor personnel by the Defense Industrial Security Clearance Office (DISCO).

b. The FLETC reserves the right and prerogative to deny and/or restrict facility and information access of any Contractor or subcontractor personnel whose actions are in conflict with the standards of conduct, 5 CFR 2635. In accordance with the most current version of FLETC Manual 71-01, Physical Access Control, Paragraph 6, d, (1), (a) an individual will be denied access to FLETC facilities. Examples of offenses which prevent access to the FLETC include, but are not limited to:

- 1) Any felony conviction within the last six years.
- 2) Any misdemeanor conviction of a serious nature within the last three years.
- 3) Multiple misdemeanor convictions within the last six years.
- 4) Any conviction for drug usage trafficking or involvement in the last 2 years;
- 5) Violence against Law Enforcement Officers (LEO).
- 6) Current open criminal charges.
- 7) Failure to register for Selective Service, if applicable.
- 8) Aggravated Violent Crimes (e.g., child brutality, child molestation, rape, wrongful death of another, etc.).
- 9) An active arrest warrant for any of the aforementioned crimes, and/or.
- 10) Past incidents that would reflect badly on the FLETC in the eyes of the public or that would otherwise pose a threat to the safety and security of FLETC personnel or property.

c. The Contractor shall report to the Chief Security Officer (CSO) any adverse information coming to their attention concerning Contractor and subcontractor personnel during the course of the contract. The report shall include the individual's name and social security number. If this information results in the subsequent termination of the individual's access to the FLETC, it does not obviate the requirement to submit this report.

d. Costs, delays and other hardships that result from Contractor or subcontractor personnel being denied access to the FLETC shall be borne entirely by the Contractor. Denial of access for Contractor or subcontractor personnel to the FLETC by the CSO shall not be subject to the Contract Disputes clause and cannot be the basis for any claim under the contract. FLETC security regulations regarding physical security access are found in the most recent revisions of the following FLETC Directives and Manuals: Number 71-01, Physical Access Control. Number 71.00B, Identification Badges, Credentials and Shields; and Number 71-11, Building/Area Security and Access.

H.30.2 Access to FLETC Facilities by Contractor Personnel

Determination of Contractor and subcontractor personnel's physical security access requirements must be coordinated with the CO or COR. Contractor and subcontractor personnel are subject to specific access requirements as defined herein.

1) Contractor. The Contractor shall manage the submission of personnel requests for background investigations and shall conduct their own pre-screening to ensure not only that the application is complete, but also to pre-screen for suitability using the same standards the Government applies. These screening items include:

- a) public record criminal checks
- b) Past Employment History
- c) Education
- d) Bankruptcies, Liens, Judgments
- e) Verify Social Security Number (SSN), Date of Birth (DOB), and Residence
- f) E-Verify name check (foreign born)
- g) Google Query
- h) Social Network Query

2) Suitability for Contractor Personnel to Perform on the FLETC. Suitability factors are identified in the most current version of DHS Instruction Handbook 121-01-007, Suitability and Security Program. The Contractor shall:

a) Furnish to prospective Contractor and subcontractor personnel under this contract the necessary forms to be completed to request access to the FLETC (Form I-9 Section J), DHS Non-Disclosure, OF 306, and DHS Form 11000-25).

b) Review the completed forms for completeness and accuracy and submit completed forms to the CO or COR for processing.

c) Ensure that personnel have been checked through E-Verify.

i) E-Verify informational brochure on how to create an account:

<http://www.uscis.gov/USCIS/Verification/E-Verify/Publications/Guides/guide-enrollment.pdf>

ii) E-Verify login at: <https://e-verify.uscis.gov/emp/vislogin.aspx>

iii) Ensure that proposed Contractor and subcontractor personnel meet the standards as outlined in the preceding paragraphs.

iv) Ensure that personnel who are moderate risk and require a Tier 2 do not exceed the DHS bad debt limit of \$7,500.00.

d) Cleared Contractors. Contractor and subcontractor personnel that are to perform on the FLETC in a national security position as identified by the FLETC CSO must be cleared personnel who have received their clearance from the DISCO. Both the Contractor (facility) and the Contractor's (to include subcontractor) personnel must have clearances

issued by the DISCO. National security positions are identified in Title 5 Code of Federal Regulation (CFR) 732.102.

3) Contractor Personnel Access For More Than Six Months. All Contractor and subcontractor personnel who are not temporary or intermittent and who work at the FLETC on a regular basis for more than six (6) months will be required to complete an SF 85. For Contractor and subcontractor personnel determined to be in a moderate risk position, the SF 85P will be required to be completed. Questionnaires must be completed by Contractor and subcontractor personnel utilizing the Office of Personnel Management's (OPM) Electronic Questionnaires for Investigation Processing (e-QIP) System.

a) The Office of Security and Professional Responsibility (OSPR) / Personnel Security Program (PER) will initiate Contractor and subcontractor personnel into the e-QIP system using information provided on the form 11000-25.

b) Contractor and subcontractor personnel will then receive an e-mail message that provides information on accessing the OPM website and completing the electronic questionnaire.

c) In order for Contractor and subcontractor personnel to begin work, the SF 85/85P must be completed and electronically released to OSPR/PER. OSPR/PER will then release the SF 85/85P to the National Background Investigation Bureau (NBIB) for the background investigation.

d) For positions identified by the CSO or FLETC Information System Security Manager (ISSM) as low, moderate, or high risk for suitability for employment, the Contractor shall:

i) Provide to the CO a Form I-9, OF 306, DHS Non-Disclosure, and DHS Form 11000-25 for all identified Contractor and subcontractor personnel. All forms must be completed in their entirety. For U.S. Citizens, the Contractor must submit the required forms at least 10 days in advance of Contractor and subcontractor personnel's earliest proposed access to FLETC IT systems or facilities. Requirements specific to non-U.S. Citizens are outlined later in this section.

ii) Upon notification from the FLETC Security staff, Contractor and subcontractor personnel will be required to appear in person before an authorized FLETC representative for the purpose of verifying the individual's identity in accordance with Homeland Security Presidential Directive (HSPD) 12, Policy for a Common Identification Standard for Federal Employees and Contractors. HSPD-12 mandates that verification of identification for Contractor and subcontractor personnel requires the individual to be physically present, and to present to the badging authority:

i. A picture identification card issued by either a governmental entity of one of the several States or the United States Federal government, and.

ii. One other form of identification specified on Form I-9. Upon verifying the Contractor and subcontractor personnel's identity, Contractor and subcontractor personnel shall provide fingerprints and a photograph.

iii. Following a favorably adjudicated background investigation, the FLETC may issue a Personal Identity Verification (PIV) Card to Contractor and subcontractor personnel that will enable appropriate access to the facility and IT systems. Such access will only be issued in accordance with FLETC Physical Security, Information Security and IT Security policies. Access to national security information only occurs in the event that the Contractor has received a clearance from the DISCO.

iv. At the discretion of the CSO and following the receipt of favorable National Agency Check (NAC), the FLETC may elect to approve temporary access to the facility for Contractor and subcontractor personnel while the rest of the suitability investigation is being completed. If the NAC is not returned in five (5) days from the time that the OSPR/PER releases the electronic questionnaire to NBIB, the results of a fingerprint check can be used to allow the Contractor and subcontractor personnel to begin working.

4) Contractor Personnel Less Than Six Months, More Than Five Days. Contractor and subcontractor personnel who will require access to the FLETC for more than five (5) days, but less than six (6) months, the Contractor shall provide a completed OF 306, Form I-9, DHS Non-Disclosure, and DHS Form 11000-25. For U.S. Citizens, FLETC requires that the Form 11000-25 shall be submitted to the CO a minimum of 10 business days in advance of Contractor and subcontractor personnel's first day of needed access.

a) FLETC shall conduct background checks for access using the information provided from the Form 11000-25.

i) Upon notification from the FLETC Security staff, Contractor and subcontractor personnel will be required to appear in person before an authorized FLETC representative for the purpose of verifying the individual's identity. Verification of the Contractor and subcontractor personnel's identity requires the individual to be physically present, and to present to the badging authority:

i. A picture identification card issued by either a governmental entity of one of the several States or the United States Federal government, and.

ii. One other form of identification specified on Form I-9. Upon verifying the Contractor and subcontractor personnel's identity, Contractor and subcontractor personnel shall provide fingerprints and a photograph.

iii. Once the results of the fingerprints are received by the OSPR/PER are successfully adjudicated, the Contractor will be allowed to begin work.

5) Contractor Personnel for Five Days or Less. For Contractor and subcontractor personnel who will require access to the FLETC for up to five (5) days, the Contractor shall request temporary or intermittent access utilizing FLETC Form 121-00-02 Visitor Access Request. Such access is granted at the discretion of the CSO.

6) Employment and Prime Contractor Requirements for Non-U.S. Citizens. The Contractor will adhere to the following requirements when attempting to employ Non-U.S. Citizens on the FLETC.

a) Employment requests for Foreign Nationals (FN) must be submitted to the OSPR with full and completed documentation in the below identified time frame(s). Requests must be made on DHS Form 11055 Foreign National Screening Request Form, which can be obtained from the FLETC Registration Buildings/Visitors Centers at all FLETC sites.

i) NOTE: All FNs seeking to perform at the FLETC MUST present valid identification documents (Passport) at the Registration Building/Visitor Center. Failure to present required credentials will result in denial of employment eligibility.

b) For FNs who are Lawful Permanent Residents (LPRs) of the United States, requests must be submitted to the OSPR no less than 30 business days in advance of the first day of access. A copy of the LPR's Resident Alien card, Permanent Resident card must be attached.

c) Requests for permission to work for FNs who are not LPRs, must be submitted to OPSR no less than 30 business days in advance of the first day of access. A copy of the FN's passport must be attached.

d) The Contractor must notify the responsible CO as to whether they will employ any Non-U.S. Citizen Contractor or subcontractor personnel that fall into positions/areas with possible access to SBU information. SBU information includes but is not limited to: For Official Use Only (FOUO) information, Law Enforcement Sensitive (LES) information, and Sensitive Personally Identifiable Information (Sensitive PII). All new-hire FN/LPR Contractor and subcontractor personnel/applicants whose new position would fall into assignments with possible access to SBU, will be required to wait until completion of the investigation and adjudication of the contract personnel before being approved for work/access. Such notification will be in writing and will include the name(s) of all of the Contractor and subcontractor's FN/LPR Contractor and subcontractor personnel subject to these requirements. The document will state that the Contractor, subcontractor and their personnel are willing to meet the specific criteria outlined below:

i. Confirm in writing that the FN Contractor and subcontractor personnel has been an LPR of the U.S. for two (2) years or more or if non-LPR the Contractor must confirm in writing that FN personnel have a valid Employment Authorization Document, Form I-766.

- ii. Confirm in writing that the Contractor believes that the FN Contractor and subcontractor personnel are not a threat to the U.S. and would properly protect and/or handle the SBU information they will be required to work with or near.
- iii. Confirm in writing that the FN/ LPR Contractor and subcontractor personnel have indicated that they are willing to submit to the NBIB-conducted Tier 2 and have agreed to complete the SF 85P, DHS Non-Disclosure, Form I-9, submit a set of fingerprints; and provide any additional information as needed for the conduct of the Tier 2.
- iv. The cost of the investigation and adjudication shall be responsibility of the FN or LPR Contractor and subcontractor personnel or the Contractor.
- v. FN/LPR Contractor and subcontractor personnel who are temporary/intermittent and who have work-related, or may have inadvertent, access to SBU information are required to have a successfully adjudicated Tier 2 prior to beginning work.
- vi. Access for those FN/LPR Contractor and subcontractor personnel in these kinds of positions that are not included in the Contractor's request document will be immediately rescinded.
- vii. When a FN/LPR contract position applicant is being sponsored by a FLETC Partner Organization (PO) for a position with access to SBU information, the PO must conduct the required background investigations and the PO sponsor must indicate on the DHS Form 11055 that the FN/LPR personnel/applicant has had a favorably adjudicated Tier 2.

H.30.3 Identification Badges and Vehicle Passes

- a. All individuals working on or requesting access to the FLETC must obtain authorization to enter the FLETC through the issuance of an appropriate FLETC identification badge or PIV card. The FLETC badge/card or PIV card are required to be worn visibly on the outside clothing between the neck and waist displaying the photograph side of the identification badge at all times while on the FLETC premises. Lost or stolen identification documents must be immediately reported to the OSPR Security Management (OSPR/SMO). Contractor and subcontractor personnel who have undergone a background investigation conducted by NBIB (Tier 1 or Tier 2) and successfully adjudicated by the OSPR/PER will be issued a PIV identification card. All Contractor and subcontractor personnel who have not undergone a background investigation conducted by the NBIB will be issued a FLETC identification badge/card.
- b. Vehicle must be registered with FLETC. Contractors wishing to drive on FLETC will need to provide proof of insurance, valid registration and tag number of the vehicle. Contractor cannot park in restricted parking areas unless authorized by FLETC. These authorizations will receive a parking pass that must be displayed when parked in the restricted areas. Failure to register a vehicle with FLETC will result in the loss of driving privileges on FLETC for a minimum of 30 days.

c. A \$25.00 replacement charge will be assessed against the Contractor for each FLETC badge/card or pass that must be replaced for other than excessive wear, name change, or other reason approved by OSPR/SMO. The replacement charge for a PIV card is \$25.00. Lost or stolen identification documents shall be considered to be within the control of Contractor and subcontractor personnel. Replacement charges will be assessed and paid by the Contractor prior to the replacement identification badge being issued.

d. If Contractor and subcontractor personnel resign, are terminated, or denied access to the FLETC, voluntarily or otherwise, prior to contract completion, the bearer of the FLETC identification badge or PIV card and vehicle pass shall immediately surrender them to the Contractor. The Contractor shall return the FLETC identification badge/PIV card vehicle pass to the OSPR/SMO within three (3) business days of the resignation, termination, or access denial. Failure to return the FLETC identification badge or PIV card will result in the Contractor being charged as proscribed in paragraph c. above.

H.30.4 Completion of the Contract

a. The Contractor shall be responsible for returning to the OSPR all identification badges and vehicle passes issued under the contract no later than 15 days after the final acceptance of the work by the FLETC. Final contract payment shall not be authorized until the FLETC has received all identification badges and passes which have been issued under this contract, including those issued to subcontractors. If the Contractor is unable to return all badges and passes issued, a charge for the missing documents will be assessed against the final payment as per the replacement costs described above.

b. Before final payment is made, the CO in conjunction with the OSPR may review the number of badge applications submitted under this contract. If the number of Contractor and subcontractor personnel denied access to the FLETC because of the results of the background investigation exceed 8% of the total number of Contractor and subcontractor personnel requesting access to the FLETC, the Contractor shall bear the cost for the background investigations for each denied background check above 8%. The cost of a basic suitability investigation is \$194.00 and the cost of a moderate risk background investigation, Minimum Background Investigation, is \$1,551.00. The percentage to be borne by the Contractor for Contractor and subcontractor personnel denied access to the FLETC because of the results of the background investigation will be across the board for each type of investigation required above the 8%. The amount will be deducted from the contract total. The amount deducted from the contract total because of this action shall not be subject to the Contract Disputes clause and cannot be the basis for any claim under the contract.

H.30.5 Review of Access and Suitability Determinations

a. Access Determinations. Access to classified national security information and the receipt of a security clearance will be in accordance with Executive Order (EO) 13526, as well as all applicable Department of Homeland Security Directives and all applicable FLETC Directives and Manuals. After contract award, Contractor and subcontractor

personnel who are denied access to the FLETC shall be provided with "due process" for the denial of access in accordance with all applicable standards. All these actions will be conducted by the DISCO.

b. Suitability Determinations. When adverse information is developed in the course of a suitability investigation, the scope of the inquiry will normally be expanded to the extent necessary to obtain such additional information as may be required to determine whether Contractor and subcontractor personnel may be granted unescorted access to FLETC facilities and sensitive information. Contractor and subcontractor personnel for whom unfavorable or derogatory information has been developed shall be provided with a Proposed Action Letter (PAL) that contains the questionable information. Contractor and subcontractor personnel shall be offered the opportunity to respond to the PAL in order to refute, explain, clarify, or mitigate the information in question. If a determination of ineligibility is made, Contractor and subcontractor personnel shall be formally notified and informed of the reason(s). Adverse information about the Contractor and subcontractor personnel may not be disclosed to the Contractor and/or subcontractor. When a final determination has been made, the Contractor shall be informed simultaneously with notification to the affected individual that individual is ineligible to render services or otherwise perform under the contract. Waivers for specific requirements for working in Federal, Department of Homeland Security, and FLETC facilities shall only be granted under specific conditions and processes as defined in the applicable regulations and directions regarding such requirements.

H.31 Security Training

General. All Contractor personnel (including subcontractors or any representative of the Contractor) entering the Federal Law Enforcement Training Center (FLETC) shall be provided Security training prior to performing on FLETC. Training material will be provided by the Government.

Training. Security training shall be provided by the Contractor, at least annually, for Contractor and subcontractor personnel, and applicable representatives requiring access to FLETC. The training shall consist of the viewing of a Government-provided video (Security Orientation for Contractors), or review of attached Government-provided material contained outlining the major security references and requirements for the Contractor.

All Contractor and subcontractor personnel requiring access to FLETC shall review the attached Government-provided material. Contractor supervisory personnel will ensure that the material is available for review by any contractor employee. Contractor and subcontractor personnel requiring access to FLETC for a period of six (6) months or more shall also view the Government-provided Security Orientation for Contractors Video at the required reporting timeframes specified below. Contractor and subcontractor personnel requiring access for less than six (6) months shall review the attached Government-provided material.

Reporting. The Contractor shall deliver to the CO a Security Training List within the first 30 days of performance, and semi-annually on the first day of October and April. The Security Training List shall be provided in Microsoft Excel format, and include - Company Name, Contract Number, Employee Name, Date Employee Reports on Center, and Date of Training. The standardized format is attached.

Certification. The Contractor shall certify information submitted on the Security Training List is accurate. The Contractor shall designate an authorized representative for certification purposes.

H.32 Access To Unclassified Facilities, Information Technology Resources, And Sensitive Information Requirement (Updated July 2013 OSPR)

The assurance of the security of unclassified facilities, IT resources, and sensitive information during the acquisition process and contract performance are essential to the DHS mission. DHS Directive 11042.1, Safeguarding Sensitive But Unclassified (For Official Use Only) Information, describes how Contractors must handle sensitive but unclassified information. The DHS Sensitive Systems Handbook prescribes policies and procedures on security for IT resources. The Contractor shall comply with these policies and procedures, any replacement publications, or any other current or future DHS policies and procedures covering Contractors specifically for all Delivery Orders that require access to DHS facilities, IT resources or sensitive information. The Contractor shall not use or redistribute any DHS information processed, stored, or transmitted by the Contractor except as specified in the Delivery Order.

The Government will provide the Contractor with access to existing system. Sensitive Information, means any information, the loss, misuse, disclosure, or unauthorized access to or modification of which could adversely affect the national or homeland security interest, or the conduct of Federal programs, or the privacy to which individuals are entitled under Section 552a of Title 5, United States Code (the Privacy Act), but which has not been specifically authorized under criteria established by an EO or an Act of Congress to be kept secret in the interest of national defense, homeland security or foreign policy. This definition includes but is not limited to the following categories of information:

1. Protected Critical Infrastructure Information (PCII) as set out in the Critical Infrastructure Information Act of 2002 (Title II, Subtitle B, of the Homeland Security Act, Public Law 107-296, 196 Stat. 2135), as amended, the implementing regulations thereto (Title 6, Code of Federal Regulations, Part 29) as amended, the applicable PCII Procedures Manual, as amended, and any supplementary guidance officially communicated by an authorized official of the Department of Homeland Security (including the PCII Program Manager or his/her designee);
2. Sensitive Security Information (SSI), as defined in Title 49, Code of Federal Regulations, Part 1520, as amended, "Policies and Procedures of Safeguarding and Control of SSI," as amended, and any supplementary guidance officially communicated

by an authorized official of the Department of Homeland Security (including the Assistant Secretary for the Transportation Security Administration or his/her designee);

3. Information designated as FOUO, which is unclassified information of a sensitive nature and the unauthorized disclosure of which could adversely impact a person's privacy or welfare, the conduct of Federal programs, or other programs or operations essential to the national or homeland security interest; and

NOTE: By Fiscal Year 2014, the designation "Controlled Unclassified Information" (CUI) will replace FOUO and other sensitive but unclassified markings. As mandatory implementation time comes closer, the Contractor may find more documents, materials, and other information formats marked or referred to as CUI. Any material referenced in any manner as CUI will receive the same protections as those outlined in DHS Directive 11042.1, Safeguarding Sensitive But Unclassified (For Official Use Only) Information.

4. Any information that is designated "sensitive" or subject to other controls, safeguards or protections in accordance with subsequently adopted homeland security information handling procedures.

5. "Information Technology Resources" include, but are not limited to, computer equipment, networking equipment, telecommunications equipment, cabling, "R"drive, computer drives, network software, computer software, software programs, intranet sites, and internet sites.

Contractor and subcontractor personnel working on this contract must complete such forms as may be necessary for security or other reasons, including the conduct of background investigations to determine suitability. Completed forms shall be submitted as directed by the CO. Upon the CO's request, the Contractor and subcontractor personnel shall be fingerprinted, or subject to other investigations as required. All Contractor and subcontractor personnel requiring recurring access to Government facilities or access to sensitive information or IT resources are required to have a favorably adjudicated background investigation prior to commencing work on this contract unless this requirement is waived under Departmental procedures.

The CO may require the Contractor to prohibit individuals from working on the contract if the government deems their initial or continued employment contrary to the public interest for any reason, including, but not limited to, carelessness, insubordination, incompetence, or security concerns.

Work under this contract may involve access to sensitive information. Therefore, the Contractor shall not disclose, orally or in writing, any sensitive information to any person unless authorized in writing by the CO. For Contractor and subcontractor personnel authorized access to sensitive information, the Contractor shall ensure that these persons receive training concerning the protection and disclosure of sensitive information both during and after contract performance.

The Contractor shall include the substance of this clause in all subcontracts at any tier where the subcontractor may have access to Government facilities, sensitive information, or resources.

Before receiving access to IT resources under this contract the individual must receive a security briefing, which the COR will arrange, and complete the Contractor's verification of Security Training.

H.33 Operations Security (OPSEC) Requirements (Updated July 2013 OSPR)

The FLETC OPSEC Program (OSPR/OPS) acts to secure against the inadvertent release or unauthorized disclosure of such information outside established control procedures. Specific, unclassified facts about FLETC's mission, intentions, capabilities, or activities are considered critical information and must be protected to ensure our adversaries are not successful. OPSEC measures pertaining to a contract require additional requirements to consider such as:

FLETC must determine if there is critical information associated with the contract or activities involved in the contract that warrants the inclusion of OPSEC requirements. Consideration shall be given to the type of work being performed and the environment and circumstances in which contract performance will occur. Potential Critical Information that must be protected includes but is not limited to:

1. Indications of when and where activities will occur (such as tests) which can possibly be targeted and present collection opportunities by foreign intelligence.
2. The duration of a contract and indications of results (such as in ads, status reports and brochures).
3. The existence of a contract, services involved and what is being developed in U.S. press releases, stock prospective, etc.
4. Pictures indicating classified design features or approaches.
5. The lettering of contracts and identity of subcontractors.
6. Maps, Aerial Photographs, Floor Plans of the project.
7. Photographs including facial images.
8. Official and Personal websites (including social networking sites) revealing details of the project.
9. Contract specifications detailing how project and contractor personnel are handling/protecting SBU information.

To ensure uniformity in the way OPSEC requirements are presented to industry, the following guidance shall be followed:

1. Guidance will be appended to basic solicitations or contracts and labeled "OPSEC Requirements."
2. OPSEC guidance will include Critical Information pertinent to contractual activities and essential secrecy to be maintained and statement of harm if adversaries derive accurate estimates.

If OPSEC requirements are necessary, an OPSEC review shall be conducted of the Performance Work Statement (PWS)/Statement Of Work (SOW) for contracts prior to the time the CO releases the PWS/SOW to contract offerors/bidders. The PWS/SOW is a publicly released document that can reveal critical information or indicators of critical information. It is important that COs, CORs and Contractors work with OSPR/OPS and project coordinators, e.g., FLETC Facilities Management Division (FMD), PRO, etc. to identify OPSEC requirements for the scope of work to be performed. The SOW should also undergo a formal content review prior to its release to the public.

FLETC and PO COs, CORs, and contractor managers are responsible for ensuring that their respective Contractors are aware of this policy and adhere to these requirements. This includes responding to Contractor inquiries on what photography is permissible and what is not, as well as researching and coordinating interpretation of the policy with OSPR/OPS.

Contractor and subcontractor personnel may be required to participate in formal OPSEC classroom and/or computer-based training (CBT) and briefings, as required. Contractor and subcontractor personnel use of personal still and video photography (including cell phone cameras) is prohibited.

Contractor and subcontractor personnel use of still and video photography is limited to ONLY those authorized activities on FLETC facilities that have been approved by the applicable FLETC Training Directorate and/or PO Academy, are part of official visits and media activities coordinated through FLETC Public Affairs Office (PAO), and/or are part of contract requirements coordinated through the respective CO, COR, and OSPR/OPS.

Photographing of ANY training activity must be approved in writing by the applicable FLETC Training Directorate and/or PO Academy.

Contractor and subcontractor personnel to whom access to FLETC-related SBU and critical information is granted will:

1. Be aware of and comply with FLETC safeguarding requirements for OPSEC, as applicable.

2. Be aware that not protecting DHS and FLETC critical information may result in administrative or disciplinary action.
3. Participate in formal OPSEC classroom and/or CBT and briefings, as required. The Contractor will coordinate with Project Coordinators, e.g., FMD, and OSPR/OPS the conduct of OPSEC reviews, assessments, and evaluations of FLETC contractor products designated for external distribution or publication to include television, radio, film, video, print, photography, and electronic products, for those assigned contracts. As applicable, the Contractor will ensure that all subordinate Contractor and subcontractor personnel will participate with these reviews, surveys, assessments, development of countermeasures, etc., for their respective organization. The Contractor will ensure documentation of individual Contractor and subcontractor personnel attendance at OPSEC briefings and training occurs by following established training documentation procedures, as applicable. Submit all applicable Contractor OPSEC training documentation to the respective COR.

H.34 Information Technology And Data Security Requirements (Updated July 2013 OSPR)

General Requirements: All Contractor and subcontractor personnel in the performance of this contract requiring access to FLETC information technology (IT) systems or sensitive data shall abide by all FLETC IT security regulations which may be in effect during the contract period. Any such individual(s) shall be subject to those checks which may be deemed necessary by FLETC to ensure that no violations occur. It shall be the Contractor's responsibility to ensure that all Contractor and subcontractor personnel who are expected to have access to FLETC-owned or -operated IT systems or IT systems contracted on behalf of FLETC that contain.

FLETC sensitive data or information, undergo or have undergone an appropriate suitability background investigation. The type of background investigation that is conducted is based on FLETC's assessment of risk of the contractor's position. Positions may be categorized as either IT or non-IT and based on the risk (i.e., low, moderate) to public trust.

Determination of Contractor and subcontractor personnel IT access needs must be coordinated with the COR. IT system and data suitability background investigation requirements may be greater than those requirements for physical security access to FLETC facilities. Suitability background investigation processes for physical security access will be followed as contained in this Section H. Temporary IT system and data access will only be permitted for non-sensitive IT systems and data. For Contractor and subcontractor personnel who will require admittance to FLETC facilities and/or are being given access to FLETC SBU information that includes, Personnel Identity Information (PII), Protected critical Infrastructure Information (PCII), Sensitive Security Information (SSI), FOUO, or IT resources, will be required to undergo a background investigation even if they work for less than six months. Depending on the risk level, the background

investigation will be a NACI or MBI. The risk determination will be made in consultation with the CO, PHY, PER, and the Chief Information Security Officer (CISO).

The required suitability background investigation forms will be provided upon contract award. All forms must be completed in their entirety by all Contractor and subcontractor personnel subject to the requirement. If the background investigation results in an unfavorable adjudication, the individual will be denied access to FLETC IT systems and sensitive data. Examples of offenses which could prevent access to FLETC IT systems and sensitive data include but are not limited to any felony convictions or habitual violations, any crimes against a police officer, any conviction for distribution of illegal drugs, or any crimes of moral turpitude. Any cost or time delay which the Contractor experiences in the contract due to Contractor and subcontractor personnel being denied access to FLETC IT systems and sensitive data shall be the sole responsibility of the Contractor. Denial of IT system access for any individual because of failure to meet FLETC IT security standards shall not be subject to the Contract Disputes clause and cannot be the basis for any claim under the contract. The DHS IT security requirements are outlined in DHS Sensitive Systems Policy Directive 4300A.

Contract Completion: The Contractor shall be responsible for ensuring FLETC Chief Information Officer (CIO) Directorate is notified of all Contractor and subcontractor personnel released from this contract support at the time of release, voluntarily or otherwise and at the end of the contract, who were issued access accounts to any FLETC IT systems. Notification to the CIO Directorate shall be through the COR.

H.34.1 Information Technology Security Training

All Contractor and subcontractor personnel entering FLETC shall be provided IT Security training prior to accessing an information system, its information, and resources. Training material will be provided by the Government. 5 CFR Part 930, subpart C, as revised, requires that all users of Federal information systems be exposed to security awareness materials annually or whenever system security changes occur, or when the user's responsibilities change. Training for new system users must occur before they are allowed access to systems. OMB Circular A-130, Appendix III, Security of Federal Automated Information Resources, requires that persons be trained in their responsibilities and in the Rules of Behavior for system. In accordance with FLETC policy, all IT system users must complete initial IT security training and must acknowledge the FLETC IT system rules of behavior, prior to gaining system access. IT Security Awareness training shall be provided by the Contractor for Contractor and subcontractor personnel requiring access to FLETC IT systems and resources. The Contractor shall use training prescribed by the Chief Information Security Officer. Contractor and subcontractor personnel must receive the prescribed training before initial access will be granted, and annually thereafter until access is no longer required. The Contractor shall deliver to the CO an IT Security training report within the first 30 days of performance. The report shall be provided in Microsoft Excel format. The report shall contain the Company Name, Employee Name, Date, and Date of Training. The Contractor shall verify information submitted on the report is accurate.

In addition to IT Security Awareness training, the Contractor shall provide Contractor and subcontractor personnel performing significant IT security responsibilities under this contract with specific role-based training prescribed in Appendix A of the FLETC IT Security Awareness, Training and Education Plan.

H.34.2 IT Access

The Contractor shall sign the prescribed Rules of Behavior before access to FLETC IT systems will be granted. The Contractor consents to monitoring for compliance and other lawful purposes while using a FLETC-issued account.

H.34.3 Contractor IT Security Plan

The Contractor shall provide, implement and maintain an IT Security Plan. The plan shall be delivered to the CO in accordance with HSAR 3052.204-70, Security Requirements for Unclassified Information Technology Resources for Government approval within 5 days upon contract award. Upon Government approval the plan will be incorporated into the contract as a compliance document.

H.34.4 Interconnection Security Agreements

Interconnections between FLETC and non-FLETC IT systems shall be established only through controlled interfaces and via approved service providers. The controlled interfaces shall be accredited at the highest security level of information on the network. Connections with other Federal agencies shall be documented based on interagency agreements, memoranda of understanding, service level agreements or interconnection security agreements.

H.34.5 Information Security Standards Applicable to this Contract

DHS Sensitive Systems Policy Directive 4300A, version 13.02, September 2022, or subsequent publication.

H.34.6 Section 508 Compliance

Section 508 of the Rehabilitation Act, as amended by the Workforce Investment Act of 1998 (P.L. 105-220) requires that when Federal agencies develop, procure, maintain, or use electronic and information technology, they must ensure that it is accessible to people with disabilities. Federal employees and members of the public who have disabilities must have equal access to and use of information and data that is comparable to that enjoyed by non-disabled Federal employees and members of the public.

All EIT deliverables within this work statement shall comply with the applicable technical and functional performance criteria of Section 508 unless exempt. Specifically, the following applicable standards have been identified:

36 CFR 1194.21 – Software Applications and Operating Systems, applies to all EIT software applications and operating systems procured or developed under this work statement including but not limited to GOTS and COTS software. In addition, this standard is to be applied to Web-based applications when needed to fulfill the functional performance criteria. This standard also applies to some Web based applications as described within 36 CFR 1194.22.

36 CFR 1194.22 – Web-based Intranet and Internet Information and Applications, applies to all Web-based deliverables, including documentation and reports procured or developed under this work statement. When any Web application uses a dynamic (non-static) interface, embeds custom user control(s), embeds video or multimedia, uses proprietary or technical approaches such as, but not limited to, Flash or Asynchronous JavaScript and XML (AJAX) then “1194.21 Software” standards also apply to fulfill functional performance criteria.

36 CFR 1194.24 Video and Multimedia Products, applies to all video and multimedia products that are procured or developed under this work statement. Any video or multimedia presentation shall also comply with the software standards (1194.21) when the presentation is using a Web or Software application interface having user controls available.

36 CFR 1194.26 – Desktop and Portable Computers, applies to all desktop and portable computers, including but not limited to laptops and personal data assistants (PDA) that are procured or developed under this work statement.

36 CFR 1194.31 – Functional Performance Criteria applies to all EIT deliverables regardless of delivery method. All EIT deliverable shall use technical standards, regardless of technology, to fulfill the functional performance criteria.

36 CFR 1194.41 – Information Documentation and Support, applies to all documents, reports, as well as help and support services. To ensure that documents and reports fulfill the required “1194.31 Functional Performance Criteria”, they shall comply with the technical standard associated with Web- based Intranet and Internet Information and Applications at a minimum. In addition, any help or support provided in this work statement that offer telephone support, such as, but not limited to, a help desk shall have the ability to transmit and receive messages using TTY.

Exceptions for this work statement have been determined by DHS and only the exceptions described herein may be applied. Any request for additional exceptions shall be sent to the COR and determination will be made in accordance with DHS MD 4010.2. DHS has identified the following exceptions that may apply:

36 CFR 1194.2(b) – (COTS/GOTS products), When procuring a product, each agency shall procure products that comply with the provisions in this part when such products are available in the commercial marketplace or when such products are developed in response to a Government solicitation. Agencies cannot claim a product as a whole is not

commercially available because no product in the marketplace meets all the standards. If products are commercially available that meets some but not all of the standards, the agency must procure the product that best meets the standards.

When applying this standard, all procurements of EIT shall have documentation of market research that identify a list of products or services that first meet the agency business needs, and from that list of products or services, an analysis that the selected product met more of the accessibility requirements than the non- selected products as required by FAR 39.2. Any selection of a product or service that meets less accessibility standards due to a significant difficulty or expense shall only be permitted under an undue burden claim and requires approval from the DHS Office of Accessible Systems and Technology (OAST) in accordance with DHS MD 4010.2.

H.35 Phase-In/Orientation Period

The Contractor shall become acquainted with all available information regarding difficulties which may be encountered and the conditions under which the work of this contract must be accomplished. The Contractor will NOT be relieved from assuming all responsibility for properly estimating the difficulties and the cost of performing the services required because of his failure to investigate the conditions or to become acquainted with all information concerning the services to be performed.

The Contractor shall begin phase-in only after post award conference and in accordance with the requirements contained in the submitted phase-in plan. The Contractor is expected to be at full performance at the completion of the phase-in period.

To ensure a smooth transition of work effort from the incumbent, the Contractor shall begin an orientation to:

1. Become thoroughly familiar with work requirements and work procedures.
2. Finalize development of necessary work plans and procedures.
3. Complete personnel requirements (work force) including the hiring of personnel to assure satisfactory performance beginning on the contract start date.
4. Obtain security clearances, if required.
5. Complete training requirements and accomplish necessary training of Contractor and subcontractor personnel.
6. Finalize the development of quality control plans and procedures.
7. The Contractor is prohibited from soliciting Government personnel for employment.
8. The Contractor shall negotiate in good faith a plan with the incumbent as described in the below cited clause entitled PHASE-OUT/CONTRACT COMPLETION.

Immediately after award and prior to performance, the Contractor's representative and the COR shall make an on-site, in-depth review of the total job requirements. The Contractor will be allowed access to the facilities to familiarize supervisors, key personnel, and staff with equipment, reporting, work scheduling and procedures (including operations, priorities, safety, security, etc.). To preclude interference with work production efforts of the current personnel, arrangements for access to Government facilities will be made with the CO.

The Contractor shall make provisions for all required building, material, and equipment inventories to be conducted during the last 10 business days of the phase-in period. The Contractor shall coordinate these inventories with the COR so those appropriate representatives may be present for all inventories. The Contractor shall sign receipt for the items upon completion of the inventory. Responsibility for performance of the services covered shall also pass to the Contractor at that time. A proposed schedule for the inventories shall be included in the phase-in plan.

H.36 Phase-Out/Contract Completion

The Contractor shall provide a phase-out plan to the Contracting Officer for approval 180 days prior to contract completion. The plan shall describe how the contractor shall approach the following issues: orientation and training of follow-on contractor, and any other actions required to ensure continuity of services. The contractor shall provide a certified list of all service employees on the contractor's and/or subcontractor's payroll together with anniversary dates of employment to the COR and CO. During the phase-out period, the incumbent shall be fully responsible for contract performance. Government reserves the right to conduct site visits in all Contractor operated facilities in conjunction with the solicitation of offers for the follow-on contract. In the event the follow-on contract is awarded to other than the incumbent, the incumbent Contractor shall cooperate to the extent required to permit an orderly change over to the succeeding Contractor. This includes reasonable recruitment access to incumbent employees. A recruitment notice may be placed in each facility.

At a minimum the incumbent contractor Project Manager shall be available to attend the post-award conference to the follow-on contract as a means to aid in transition. Duration of engagement shall be limited to two (2) hours. Incumbent shall be notified no later than 72 hours in advance of conduct of the conference of date and time for attendance. If there is a change in Contractor, the incumbent Contractor shall negotiate in good faith a plan with the follow-on contractor addressing the nature and extent of orientation and training to ensure nominal impact during transition and to comply with the clause above entitled 'PHASE-IN/ORIENTATION PERIOD.' The plan shall specify a training program and a date for transferring responsibility for each division of work described in the plan and shall be subject to the Contracting Officer's approval.

The Contractor shall schedule all inventories to occur within 15 business days prior to exercise of options or the termination of the contract. The Contractor shall coordinate these inventories with the COR so those appropriate representatives may be present. Within five (5) business days after completion of this contract (or as otherwise directed by the CO) the Contractor shall remove all Contractor owned vehicles, equipment, tools, supplies, materials, or other items from FLETC. The Government reserves the right to dispose of items remaining after the stated period in accordance with Federal property regulations.

No later than 10 days after the final acceptance of the work by FLETC the Contractor shall return all personnel identification badges. Final contract payment will not be

authorized until FLETC has received all identification badges and passes issued under this contract.

All documents will be maintained in an organized, acceptable working order by the Contractor in the Government provided office. The Technical Library, if required by this contract, shall remain in place, in acceptable working order, at the Contractor's office at completion (or termination) of the contract. Upon contract completion or termination of the contract the Contractor shall make the library available to the follow-on contractor during the Phase in/Phase out period. The exiting Contractor shall ensure the Technical Library is in an organized and maintained state prior to turning over to the follow-on contractor.

H.37 Active Shooter Training (Updated December 2015 OSPR)

General. All Contractor personnel (including subcontractors or any representative of the Contractor) entering the Federal Law Enforcement Training Centers (FLETC) shall be provided Active Shooter Threat training. Training material will be provided by the Government.

Training. Active Shooter Threat training shall be provided by the Contractor, at least annually, for Contractor and subcontractor personnel, and applicable representatives requiring access to FLETC. The training shall consist of viewing the one (1) hour Government-provided video (Active Shooter Threat training).

All current contractor and subcontractor personnel requiring access to FLETC shall view the Government-provided material. The DVD will be provided at time of award.

All new contractor and subcontractor personnel requiring access to FLETC shall be trained within the first thirty (30) days of reporting for duty.

Reporting. The Contractor shall deliver to the CO an Active Shooter Threat Training List within the first 30 days of performance, and semi-annually on the first day of October and April. The Active Shooter Threat Training List shall be provided in Microsoft Excel format, and include - Company Name, Contract Number, Employee Name, Date Employee Reports On Center, and Date of Training.

Certification. The Contractor shall certify information submitted on the Active Shooter Threat Training List is accurate. The Contractor shall designate an authorized representative for certification purposes.

H.38 Salvage

All Government-owned material and equipment which are removed or disconnected but are not specifically indicated or specified for reuse shall remain the property of the Government if determined by the COR to be of value. Such items shall be delivered by the Contractor to the location on FLETC designated by the CO, when and if circumstances arise which warrant doing so.

H.39 Contractor Ingress/Egress

- a. The Contractor is required to use the gate as instructed by COR for employees and material deliveries. The Government may direct the Contractor to construct a contractor entry point outside the FLETC property for trucks and movement of equipment.
- b. Contractor vehicles entering the Center will be required to show proof of insurance as specified in this Section H.

H.40 Subcontracting Requirements

- a. In accordance with FAR clause 52.222-11, Subcontracts (Labor Standards and Acknowledgement (Section J) the Contractor or Subcontractor shall ensure that all terms and conditions of this contract are incorporated into any and all subcontracts issued in the performance of this contract. The clauses to be incorporated into any subcontract include the following:

Davis-Bacon Act

Apprentices and Trainees

Payrolls and Basic Records

Compliance with Copeland Act Requirements

Withholding of Funds

Subcontracts (Labor Standards)

Contract Termination – Debarment

Disputes Concerning Labor Standards

Compliance with Davis-Bacon and Related Act Regulations

Certification of Eligibility

- b. Qualifications of the Subcontractor(s), the scheduled period of execution for the respective trade(s), and the delivery of the requested materials for each trade shall be submitted by the Contractor to the CO at least two (2) weeks prior to the commencement of work under that trade.
- c. The Contractor shall ensure that Subcontractor(s) attend progress meetings held during the performance of the Subcontractor's trade. The Contractor is responsible for all coordination and scheduling with the Subcontractor(s) regarding work under this contract. The Contractor is responsible for the work of the Subcontractor and if work of the Subcontractor is not acceptable to the Government under the terms of the contract, the Contractor shall be responsible for making the work acceptable, including any additional costs or time involved.

H.41 Physical Security

The Contractor shall be responsible for safeguarding all Government property provided for contractor use. At the end of each work period, all Government facilities, equipment and materials must be secured. Locked rooms must not be left unattended during the cleaning process and shall be re-locked by contractor personnel after completion of

cleaning duties. The Contractor is responsible, through the CO/COR, for obtaining access to buildings and arranging for each room/area to be opened and closed as necessary in the performance of contract requirements.

H.42 FLETC Closure

Should FLETC experience unforeseen closure, the Contractor will not receive payment for any services under this contract other than the continuous PM CLIN (i.e., closed for inclement weather, unscheduled shutdown, hurricane evacuation, emergency closing, etc.).

H.43 Work Scheduling

The Contractor shall control and perform all work as not to cause interference with Government business and training or work being performed by other contractors. The Government may award other contracts for additional work at or near the site of work under this contract. The Contractor shall fully cooperate with the other contractors and with Government employees, and shall carefully adapt scheduling and performing work under this contract to accommodate the additional work, heeding any directions that may be provided by the CO/COR. The Contractor shall not commit, or permit, any act that will interfere with the performance of work by another contractor or by Government employees. The Contractor shall promptly notify the CO/COR when it appears that Government activities or personnel, or other contractor's projects are hindering the effective execution of his work efforts.

H.44 Lost And Found Property

It is the responsibility of the Contractor to ensure that all lost and found items are reported to the CO/COR. When items are found the Contractor shall:

1. Turn in all lost and found articles to Assets and Logistics Management Division (ALM) including cash and valuables such as rings, watches, cameras, etc., on a weekly basis. Consumable items such as those mentioned below in b) are excluded.
2. Dispose of consumable items such as open bottles of shampoo, soaps, conditioners, washing powder, toothpaste, mouthwash, lotions, soda, beer, food, etc., and binders into FLETC dumpsters.
3. Place items of clothing in a bag. Tag the bag with the date, time, and the building and room number, and/or other pertinent information which can be used to identify owner(s) and store it in the Contractor's storage area for holding. On a weekly basis, the Contractor shall consolidate the items by building, prepare form FTC-ADM-44, Survey Report, and forward the document to the CO/COR(s). Once the survey document has been signed by the COR(s) or Contracting Officer, the Contractor shall deliver both the items and document to ALM, Building 2400.

4. Place any item containing blood or bodily fluids in a Bio Bag and deliver to the Health Unit.

H.45 Records

The Contractor shall be responsible for creating, maintaining, and disposing of only those Government required records that are specifically cited in this PBSOW or required by the provisions of a mandatory directive listed in paragraph 6.0 “Applicable Publications and Forms. If requested by the Government, the Contractor shall provide the original record or a reproducible copy of any such record within five (5) working days of receipt of the request.

H.46 Smoking

The Contractor shall be responsible to adhere to the Smoking/Use of Tobacco Program, FLETC Manual 70-09, Occupational Safety and Health Program, Chapter 31, FLETC Supplements to the DHS Occupational Safety and Health Manual. Smoking to include the use of smokeless tobacco products shall only be permitted in designated smoking areas.

H.47 Photography

No photography of any nature is allowed while on FLETC without the written authorization of the CO. Submit photography requests to the CO at least two (2) working days prior to the anticipated photo session.

H.48 Hazardous Materials Management - See Section J

The Contractor shall provide a complete list of hazardous materials, proposed chemicals, etc. to be utilized during the course of this contract. This list shall be forwarded to the CO/COR who will then forward to FLETC Environmental Safety Branch (ESB), for review and approval.

All hazardous materials shall be stored in closed, appropriate containers. All MSDS/SDS are to be provided to the CO/COR for approval before use and as changes are requested.

Storage cabinets, if applicable, holding flammable liquids shall be grounded and are not to exceed the storage capacity. Storage cabinets shall be vented, each individual stored container shall not exceed a five-gallon capacity. No hazardous materials shall be stored on the jobsite without the CO's approval.

Appropriate safety cans and dispensers shall be used to transport small quantities of hazardous materials. The Contractor shall not move any hazardous material without first coordinating the move with the CO/COR who will contact the ESB. Hazardous materials required for daily work task may remain properly secured worksite. Hazardous materials will be labeled with the Contractors name and contents. The Contractor is responsible for

ensuring compliance with all requirements governing the handling of hazardous waste. The disposal of all hazardous/potentially hazardous materials (i.e., paints, cleaning products, solvents, thinners, rags, brushes, rollers, propellants, etc.) shall be accomplished in accordance with the Federal Law Enforcement Training Center (FLETC) Hazardous Waste Management Plan. The Contractor shall also comply with all Environmental Protection Agency (EPA) Hazardous Waste Regulations, and Georgia Environmental Protection Division (GA EPD) regulations for all non-hazardous and hazardous waste management, disposition and disposal.

The Contractor shall submit a Hazardous Waste Management Plan that Conforms to FLETC Hazardous Waste Plan 10 days after award and when changes occur.

The Contractor shall not remove or ship hazardous waste from FLETC. The shipping and disposal of Hazardous Waste shall be documented under FLETC Generator EPA ID Number GA6202932244. Only designated individuals from FLETC ESD will sign the Hazardous Waste Manifest as the generating activity. Hazardous waste shall be managed and collected in strict accordance with FLETC Hazardous Waste Management Plan. The FLETC Environmental Programs Branch will dispose, transfer, and transport hazardous waste generated by the Contractor utilizing the Waste Transfer Document.

The Contractors' Environmental Representative shall be responsible for the proper segregation, packaging and handling of hazardous waste in accordance with FLETC Hazardous Waste Plan.

The Contractor shall coordinate with the CO/COR who will coordinate with the Environmental Programs Branch for all hazardous waste storage, transportation and disposal. A Waste Information Document (WID) will be provided by the Government for each waste-stream per the Hazardous Waste Management Plan.

All containerization, labeling and storage of waste shall be in accordance with FLETC Hazardous Waste Management Plan.
Hazardous waste shall be stored at a designated Satellite Accumulation Area.

Note: FLETC will establish the SAA Area) When the waste stream exceeds 55 gallons it shall be transported, within 72 hours, to the 90-day accumulation site by contacting the CO/COR who will contact FLETC Environmental Branch. The Government will then transport the waste.

The Contractor shall coordinate with the CO/COR who will coordinate with FLETC ESB, who will provide guidance and assistance with the identification of waste streams and disposal.

The ESB will assist in designating Storage locations, (SAA's), providing labels and waste transfer Documents, and will conduct random no-notice inspections on SAA's using The SAA Inspection Checklist.

All waste disposal accomplished through the 90-day accumulation Site will be the responsibility of FLETC.

The Contractor shall be responsible for proper segregation, identification and classifying of his waste stream.

The Contractor shall contact the CO/COR who will contact FLETC ESB within 14 days of award of the contract to schedule Hazardous Waste Training. The Hazardous Waste Training will take approximately one hour.

The Contractor shall provide the ESB with a copy off all hazardous waste documentation annually or upon request.

H.49 Safety And Environmental – See Section J

H.50 Supplies, Materials, And Equipment Provided By The Contractor

Unless otherwise specified herein, the Contractor shall furnish all supplies, materials, and equipment necessary for the performance of work under this contract. All supplies and materials shall be of a type and quality that conform to applicable Federal specifications and standards and, to the extent feasible and reasonable, include the exclusive use of approved environmentally preferable products. All supplies, materials, and equipment to be used in the performance of work described herein are subject to the approval of the CO.

H.51 Contractor Procurement Program – See Section J

H.52 Waste Minimization – See Section J

H.53 Hazardous Material Storage – See Section J

a. The Contractor, its personnel, subcontractors, their personnel, and representatives shall become acquainted with and fully comply at all times with the Federal Law Enforcement Training Center (FLETC) Regulations, Directives, and Instructions. Any individual shall be subject to removal from the Center for noncompliance.

b. In the event of a conflict between this contract and any FLETC Directive, Regulation or Instruction the contract prevails.

Section 3 –Clauses

I.1 Clauses Incorporated by Reference (FAR 52.252-2) (FEB 1998)

The following FAR and HSAR clauses are incorporated by reference into this solicitation, resulting awards and ALL orders awarded as a result of it:

FAR Clause No.	Title and Date
52.203-3	Gratuities (Apr 1984)
52.204-7	System for Award Management (Aug 2025) (Deviation 25-19)
52.204-9	Personal Identity Verification of Contractor Personnel (Jan 2011).
52.204-13	System for Award Management Maintenance. (Aug 2025) (Deviation 25-19)
52.212-4	Contract Terms and Conditions—Commercial Products and Commercial Services (Aug 2025) (Deviation 25-21)
52.227-1	Authorization and Consent (Jun 2020)
52.227-2	Notice and Assistance Regarding Patent and Copyright Infringement (Jun 2020)
52.227-3	Patent Indemnity (Apr 1984)
52.227-14	Rights in Data-General (May 2014)
52.227-17	Rights in Data-Special Works (Dec 2007)
52.237-3	Continuity of Services (Jan 1991)
52.245-1	Government Property (Sep 2021)
52.245-9	Use and Charges (Apr 2012)
52.246-4	Inspection of Services-Fixed-Price (Aug 1996)

52.246-6	Inspection-Time-and-Material and Labor-Hour (May 2001)
-----------------	---

I.2 Clauses Incorporated in Full Text

The following FAR and HSAR clauses are incorporated in full text into this solicitation, resulting awards and ALL orders awarded as a result of it

52.240-91 Security Prohibitions and Exclusions.

(a) Definitions. As used in this clause—

American Security Drone Act-covered foreign entity means an entity included on a list that the Federal Acquisition Security Council (FASC) develops and maintains and publishes in the System for Award Management (SAM) at <https://www.sam.gov> (section 1822 of Pub. L. 118-31, 41 U.S.C. 3901 note prec.).

Backhaul means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (e.g., connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (e.g., fiber optic, coaxial cable, Ethernet).

Covered application means the social networking service TikTok or any successor application or service developed or provided by ByteDance Limited or an entity owned by ByteDance Limited.

Covered article, as defined in 41 U.S.C. 4713(k), means:

- (1) Information technology, as defined in 40 U.S.C. 11101, including cloud computing services of all types;
- (2) Telecommunications equipment or telecommunications service, as those terms are defined in section 3 of the Communications Act of 1934 (47 U.S.C. 153);
- (3) The processing of information on a Federal or non-Federal information system, subject to the requirements of the Controlled Unclassified Information program (see 32 CFR part 2002); or
- (4) Hardware, systems, devices, software, or services that include embedded or incidental information technology.

Covered foreign country means The People's Republic of China.

Covered telecommunications equipment or services means—

- (1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);
- (2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video

surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

Critical technology means—

(1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;

(2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled—

(i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening;

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 (50 U.S.C. 4817).

FASC-prohibited unmanned aircraft system means an unmanned aircraft system manufactured or assembled by an American Security Drone Act—covered foreign entity.

FASCSA order means any of the following orders issued under the Federal Acquisition Supply Chain Security Act (FASCSA) requiring removing covered articles from executive agency information systems or excluding one or more named sources or named covered articles from executive agency procurement actions, as described in 41 CFR 201-1.303(d) and (e):

(1) The Secretary of Homeland Security may issue FASCSA orders that apply to civilian agencies, to the extent not covered by paragraph (2) or (3) of this definition. This type of FASCSA order may be referred to as a Department of Homeland Security (DHS) FASCSA order.

(2) The Secretary of Defense may issue FASCSA orders that apply to the Department of Defense (DoD) and national security systems other than sensitive compartmented information systems. This type of FASCSA order may be referred to as a DoD FASCSA order.

(3) The Director of National Intelligence (DNI) may issue FASCSA orders that apply to the intelligence community and sensitive compartmented information systems, to the extent not covered by paragraph (2) of this definition. This type of FASCSA order may be referred to as a DNI FASCSA order.

Information technology, as defined in 40 U.S.C. 11101(6)—

(1) Means any equipment or interconnected system or subsystem of equipment, used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information by the executive agency, if the equipment is used by the executive agency directly or is used by a contractor under a contract with the executive agency that requires the use—

(i) Of that equipment; or

(ii) Of that equipment to a significant extent in the performance of a service or the furnishing of a product;

(2) Includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources; but

(3) Does not include any equipment acquired by a Federal contractor incidental to a Federal contract.

Intelligence community, as defined by 50 U.S.C. 3003(4), means the following—

(1) The Office of the Director of National Intelligence;

(2) The Central Intelligence Agency;

(3) The National Security Agency;

(4) The Defense Intelligence Agency;

(5) The National Geospatial-Intelligence Agency;

(6) The National Reconnaissance Office;

(7) Other offices within the Department of Defense for the collection of specialized national intelligence through reconnaissance programs;

- (8) The intelligence elements of the Army, the Navy, the Air Force, the Marine Corps, the Coast Guard, the Federal Bureau of Investigation, the Drug Enforcement Administration, and the Department of Energy;
- (9) The Bureau of Intelligence and Research of the Department of State;
- (10) The Office of Intelligence and Analysis of the Department of the Treasury;
- (11) The Office of Intelligence and Analysis of the Department of Homeland Security; or
- (12) Such other elements of any department or agency as may be designated by the President, or designated jointly by the Director of National Intelligence and the head of the department or agency concerned, as an element of the intelligence community.

Interconnection arrangements means arrangements governing the physical connection of two or more networks to allow the use of another's network to hand off traffic where it is ultimately delivered (e.g., connecting a customer of telephone provider A to a customer of telephone company B) or sharing data and other information resources.

Kaspersky Lab-covered article means any hardware, software, or service that—

- (1) Is developed or provided by a Kaspersky Lab-covered entity;
- (2) Includes any hardware, software, or service developed or provided in whole or in part by a Kaspersky Lab-covered entity; or
- (3) Contains components using any hardware or software developed in whole or in part by a Kaspersky Lab-covered entity.

Kaspersky Lab-covered entity means—

- (1) Kaspersky Lab;
- (2) Any successor entity to Kaspersky Lab, including any change in name, e.g., "Kaspersky";
- (3) Any entity that controls, is controlled by, or is under common control with Kaspersky Lab; or
- (4) Any entity of which Kaspersky Lab has a majority ownership.

National security system, as defined in 44 U.S.C. 3552, means any information system (including any telecommunications system) used or operated by an agency or by a contractor of an agency, or other organization on behalf of an agency—

- (1) The function, operation, or use of which involves intelligence activities; involves cryptologic activities related to national security; involves command and control of military forces; involves equipment that is an integral part of a weapon or weapons system; or is critical to the direct fulfillment of military or intelligence missions, but does not include a system that is to be used for routine administrative and business applications (including payroll, finance, logistics, and personnel management applications); or

(2) Is protected at all times by procedures established for information that have been specifically authorized under criteria established by an Executive order or an Act of Congress to be kept classified in the interest of national defense or foreign policy.

Roaming means cellular communications services (e.g., voice, video, data) received from a visited network when unable to connect to the facilities of the home network either because signal coverage is too weak or because traffic is too high.

Sensitive compartmented information means classified information concerning or derived from intelligence sources, methods, or analytical processes, which is required to be handled within formal access control systems established by the Director of National Intelligence.

Sensitive compartmented information system means a national security system authorized to process or store sensitive compartmented information.

Source means a non-Federal supplier, or potential supplier, of products or services, at any tier.

Subsidiary means an entity in which more than 50 percent of the entity is owned directly by a parent corporation or through another subsidiary of a parent corporation.

Substantial or essential component means any component necessary for the proper function or performance of a piece of equipment, system, or service.

Unmanned aircraft means an aircraft that is operated without the possibility of direct human intervention from within or on the aircraft (49 U.S.C. 44801(11)).

Unmanned aircraft system means an unmanned aircraft and associated elements (including communication links and the components that control the unmanned aircraft) that are required for the operator to operate safely and efficiently in the national airspace system (49 U.S.C. 44801(12)).

(b) Prohibitions on providing or using specific products or services in performance of contract. Unless a waiver or exception applies, the Contractor is prohibited from providing any products or services to the Government or using in the performance of the contract any of the following:

(1) A covered application on any information technology owned or managed by the Government, or on any information technology used or provided by the Contractor under this contract, including equipment provided by the Contractor's employees (section 102 of Division R of the Consolidated Appropriations Act, 2023 (Pub. L. 117-328));

(2) A Kaspersky Lab-covered article (Section 1634 of Division A of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91));

(3) Covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system (paragraphs (a)(1)(A) of section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232)). This does not prohibit contractors from providing—

(i) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) Prohibition on unmanned aircraft systems manufactured or assembled by American Security Drone Act—covered foreign entities.

(1) Prohibition. The Contractor is prohibited from—

(i) Delivering any FASC-prohibited unmanned aircraft system, which includes unmanned aircraft (i.e., drones) and associated elements (sections 1823 and 1826 of American Security Drone Act of 2023, within the National Defense Authorization Act for Fiscal Year 2024, Pub. L. 118-31, Div. A, Title XVIII, Subtitle B, 41 U.S.C. 3901 note prec.);

(ii) On or after December 22, 2025, operating a FASC-prohibited unmanned aircraft system in the performance of the contract (section 1824 of Pub. L. 118-31); and

(iii) On or after December 22, 2025, using Federal funds to procure or operate a FASC-prohibited unmanned aircraft system (section 1825 of Pub. L. 118-31).

(2) Procedures. The Contractor shall search SAM for the FASC-maintained list of American Security Drone Act—covered foreign entities before proposing, or using in performance of the contract, any unmanned aircraft system. Also, the Contractor shall ensure any effort or expenditure associated with a FASC-prohibited unmanned aircraft system is consistent with a corresponding exemption, exception, or waiver determination expressly stated in the contract.

(3) Exemptions, exceptions, and waivers. The prohibitions in paragraph (c) of this clause do not apply where the agency has determined an exemption, exception, or waiver applies, and the contract indicates that such a determination has been made. See sections 1823 through 1825 and 1832 of Public Law 118-31 for statutory requirements pertaining to exemptions, exceptions, and waivers.

(d) Prohibition on using or providing specific products or services or conducting certain transactions regardless of connection to contract.

(1) Certain telecommunications and video surveillance equipment, systems, or services.

(i) Unless an applicable waiver has been issued by the Government, the Contractor cannot use any equipment, systems, or services that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system (paragraph (a)(1)(B) of section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232)).

(ii) This prohibition applies to using covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract. This does not prohibit the contractor from using—

(A) A service that connects to the facilities of a third party, such as backhaul, roaming, or interconnection arrangements; or

(B) Telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) Office of Foreign Assets Control Restrictions.

(i) Except as authorized by the Office of Foreign Assets Control (OFAC) in the Department of the Treasury, the Contractor shall not acquire, for use in the performance of this contract, any supplies or services if any proclamation, Executive order, or statute administered by OFAC, or if OFAC's implementing regulations at 31 CFR chapter V, would prohibit such a transaction by a person subject to the jurisdiction of the United States.

(ii) Except as authorized by OFAC, most transactions involving Cuba, Iran, and Sudan are prohibited, as are most imports from Burma or North Korea, into the United States or its outlying areas.

(A) For lists of entities and individuals subject to economic sanctions, see OFAC's List of Specially Designated Nationals and Blocked Persons at <https://home.treasury.gov/policy-issues/financial-sanctions/specially-designated-nationals-and-blocked-persons-list-sdn-human-readable-lists>.

(B) For more information about these restrictions, as well as updates, see OFAC's regulations at 31 CFR chapter V and at <https://home.treasury.gov/policy-issues/office-of-foreign-assets-control-sanctions-programs-and-information>.

(C) To conduct electronic screens of potential parties to regulated transactions, see the consolidated screening list at <https://www.trade.gov/consolidated-screening-list>, which consolidates multiple export screening lists of the Departments of Commerce, State, and the Treasury.

(3) Sudan prohibition. The Contractor is prohibited from conducting any restricted business operations in Sudan in accordance with Accountability and Divestment Act of 2007 (Pub. L. 110-174).

(4) Iran prohibitions.

(i) Unless an exception applies according to paragraph (d)(4)(iii) or the Government grants a waiver, the contractor shall not engage in certain activities or transactions relating to Iran (section 6(b)(1)(A) of Iran Sanctions Act (50 U.S.C. 1701 note)).

(ii) Unless an exception applies according to paragraph (d)(4)(iii) or the Government grants a waiver, contractor shall not export certain sensitive technology to Iran, as determined by the President, and has an active exclusion in SAM (22 U.S.C. 8515).

(iii) The prohibition in paragraphs (d)(4)(i) and (d)(4)(ii) do not apply if the acquisition is subject to trade agreements and the offeror certifies that all the offered products are designated country end products or designated country construction material (see part 25).

(iv) Unless an exception applies or the Government grants a waiver, contractors are prohibited from knowingly engaging in any significant transaction (i.e., over \$15,000) with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and interests in property of which are blocked according to the International Emergency Economic Powers Act (section 6(b)(1)(B) of Iran Sanctions Act (50 U.S.C. 1701 note)).

(e) Governmentwide exclusion and removal orders.

(1) Unless the Government has issued an applicable waiver, contractors shall not provide or use as part of the performance of the contract any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by an applicable FASCSA order as follows:

(i) For solicitations and contracts awarded by a Department of Defense contracting office, DoD FASCSA orders apply.

(ii) For all other solicitations and contracts, DHS FASCSA orders apply.

(2) The Contractor shall search for the phrase "FASCSA order" in the System for Award Management (SAM) at <https://www.sam.gov> to locate applicable FASCSA orders.

(3) The Government may identify in the solicitation other FASCSA orders that are not in SAM, which are effective and apply to the solicitation and resulting contract.

(4) A FASCSA order issued after the date of solicitation applies to this contract only if added by an amendment to the solicitation or modification to the contract (see FAR 40.204-1(c)).

(f) Reasonable inquiry. The contractor shall conduct a reasonable inquiry to determine if there are any prohibited products or services. The inquiry will look at any information in the entity's possession but does not need to include an internal or third-party audit.

(g) Removal of prohibited products and services. For Federal Supply Schedules, Governmentwide acquisition contracts, multi-agency contracts or any other procurement instrument intended for use by multiple agencies, upon notification from the Contracting Officer, during the performance of the contract, the Contractor shall promptly make any necessary changes or modifications to remove any product or service produced or provided by a source that this clause prohibits.

(h) General report.

(1) If the Contractor identifies or is notified by any source, (including a subcontractor at any tier), that any product or service provided or used (or to be provided or used) during contract performance does not comply with any prohibition in this clause, then the Contractor shall report the following information, or as much information is known, in writing to the contracting office as identified in paragraph (h)(2) within 72 hours:

(i) Contract number and order number, if applicable;

ii) The specific prohibition the product or service is not complying with;

(iii) A description of the products or services that the Contractor identifies or has reason to suspect is prohibited (include brand; model number, such as the original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable);

(iv) The entity that produced the product or service (include entity name, unique entity identifier, Contractor and Government Entity (CAGE) code, facilities responsible for design, fabrication, assembly, packaging, and test of the product, and whether the entity was the OEM or a distributor (provide manufacturer codes and distributor codes used for the product));

(v) Description of the functionality of the product or service and how that functionality impacts the risk to the product or service;

(vi) An explanation of any factors relevant to determining if the product or service should be permitted by an applicable exception, exemption, or waiver (if the contractor would like the Government to consider a waiver, and asks for such a waiver);

(vii) Whether alternative products or services are available that would comply with the prohibition;

(viii) If the product or service is related to item maintenance, include the following information on the item being maintained:

(A) Brand;

(B) Model number, OEM number, manufacturer part number, or wholesaler number; and

(C) Item description, as applicable.

(ix) Any readily available information about mitigation actions implemented or recommended.

(2) If a report must be submitted to a contracting office, the Contractor shall submit the report as follows:

(i) If a Department of Defense contracting office, the Contractor shall report to the website at <https://dibnet.dod.mil>.

(ii) For all other contracting offices, the Contractor shall report to the Contracting Officer.

(iii) For indefinite delivery contracts, the Contractor shall report to both the contracting office for the indefinite delivery contract and the contracting office for any affected order.

(3) If the report provided does not contain any of the information required by paragraph (h)(1) of this clause, and the contractor later discovers new information that is required by paragraph (h)(1) of this clause, then the contractor shall submit a subsequent report within 72 hours of discovering the new information.

(4) The contractor shall also report the information in paragraph (h)(1) if the contractor wishes to ask for a waiver of the requirements of a new FASCSA order being applied through modification.

(i) New FASCSA orders report.

(1) During contract performance, the Contractor shall review SAM at least once every three months, or as advised by the Contracting Officer, to check for covered articles subject to FASCSA order(s), or for products or services produced by a source subject to FASCSA order(s) not currently identified under paragraph (e) of this clause.

(2) If the Contractor identifies a new FASCSA order(s) that could impact their supply chain, then the Contractor shall conduct a reasonable inquiry to identify whether a covered article or product or service produced or provided by a source subject to the FASCSA order(s) was provided to the Government or used during contract performance. The inquiry will look at any information in the entity's possession but does not need to include an internal or third-party audit.

(3) The Contractor shall submit a report to the contracting office identified in paragraph (h)(2) of this clause if the Contractor identifies, including through any notification by a subcontractor at any tier, that a covered article or product or service produced or provided by a source was provided to the Government or used during contract performance and is subject to a FASCSA order(s). For indefinite delivery contracts, the Contractor shall report to both the contracting office for the indefinite delivery contract and the contracting office for any affected order. The Contractor shall report the following information within 72 hours for each covered article or each product or service produced or provided by a source, where the covered article or source is subject to a FASCSA order:

(i) Contract number and order number, if applicable;

(ii) Name of the covered article or source subject to a FASCSA order;

(iii) The specific FASCSA order the product or service does not comply with;

(iv) The elements of (h)(1)(iii) through (ix) of this clause.

(j) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (j) but excluding subparagraphs (d)(1) and (i)(1), in all subcontracts and other contractual instruments, including subcontracts for acquiring commercial products or commercial services.

(End of clause)

Alternate I (August 2025) (DEVIATION 25-23). As prescribed in 40.205(b), substitute the following paragraph (e)(1) for paragraph (e)(1) of the basic clause:

(e) Governmentwide exclusion and removal orders.

(1) Contractors are prohibited from providing or using as part of the performance of the contract any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by any applicable FASCSA orders identified by the checkbox(es) in this paragraph (e)(1).

52.217-8 Option to Extend Services. (Nov 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 30 days.

Except when it is determined in accordance with FAR 17.206(b) not to be in the Government's best interests, the Government will evaluate offers or quotations for award purposes by adding the total price for all options to the total price for the basic requirement to determine the total evaluated price.

This includes options under FAR 52.217 -8, Option to Extend Services, which applies to this solicitation. Evaluation of options will not obligate the Government to exercise the option(s)."

(End of clause)

52.217-9 Option to Extend the Term of the Contract. (Mar 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 30 days; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 10 years and 6 months.

(End of clause)

INFORMATION TECHNOLOGY SECURITY AWARENESS TRAINING (JULY 2023)

(a) *Applicability.* This clause applies to the Contractor, its subcontractors, and Contractor employees (hereafter referred to collectively as “Contractor”). The Contractor shall insert the substance of this clause in all subcontracts.

(b) *Security Training Requirements.*

(1) All users of Federal information systems are required by Title 5, Code of Federal Regulations, Part 930.301, Subpart C, as amended, to be exposed to security awareness materials annually or whenever system security changes occur, or when the user’s responsibilities change. The Department of Homeland Security (DHS) requires that Contractor employees take an annual Information Technology Security Awareness Training course before accessing sensitive information under the contract. Unless otherwise specified, the training shall be completed within thirty (30) days of contract award and be completed on an annual basis thereafter not later than October 31st of each year. Any new Contractor employees assigned to the contract shall complete the training before accessing sensitive information under the contract. The training is accessible at <http://www.dhs.gov/dhs-security-and-training-requirements-contractors>. The Contractor shall maintain copies of training certificates for all Contractor and subcontractor employees as a record of compliance. Unless otherwise specified, initial training certificates for each Contractor and subcontractor employee shall be provided to the Contracting Officer’s Representative (COR) not later than thirty (30) days after contract award. Subsequent training certificates to satisfy the annual training requirement shall be submitted to the COR via e-mail notification not later than October 31st of each year. The e-mail notification shall state the required training has been completed for all Contractor and subcontractor employees.

(2) The DHS Rules of Behavior apply to every DHS employee, Contractor and subcontractor that will have access to DHS systems and sensitive information. The DHS Rules of Behavior shall be signed before accessing DHS systems and sensitive information. The DHS Rules of Behavior is a document that informs users of their responsibilities when accessing DHS systems and holds users accountable for actions taken while accessing DHS systems and using DHS Information Technology resources capable of inputting, storing, processing, outputting, and/or transmitting sensitive information. The DHS Rules of Behavior is accessible at <http://www.dhs.gov/dhs-security-and-training-requirements-contractors>. Unless otherwise specified, the DHS Rules of Behavior shall be signed within thirty (30) days of contract award. Any new Contractor employees assigned to the contract shall also sign the DHS Rules of Behavior before accessing DHS systems and sensitive information. The Contractor shall maintain signed copies of the DHS Rules of Behavior for all Contractor and subcontractor

employees as a record of compliance. Unless otherwise specified, the Contractor shall e-mail copies of the signed DHS Rules of Behavior to the COR not later than thirty (30) days after contract award for each employee. The DHS Rules of Behavior will be reviewed annually, and the COR will provide notification when a review is required.

(End of clause)

3052.240-71 Contractor employee access.

(HSAR DEVIATION 25-12) (effective November 3, 2025)

(a) Controlled Unclassified Information (CUI) is any information the Government creates or possesses, or an entity creates or possesses for or on behalf of the Government (other than classified information) that a law, regulation, or Governmentwide policy requires or permits an agency to handle using safeguarding or dissemination controls. This definition includes the following CUI categories and subcategories of information:

(1) Chemical-terrorism Vulnerability Information (CVI) as defined in 6 CFR part 27, “Chemical Facility Anti-Terrorism Standards,” and as further described in supplementary guidance issued by an authorized official of the Department of Homeland Security (including the Revised Procedural Manual “Safeguarding Information Designated as Chemical-Terrorism Vulnerability Information” dated September 2008);

(2) Protected Critical Infrastructure Information (PCII) as set out in the Critical Infrastructure Information Act of 2002 (title XXII, subtitle B of the Homeland Security Act of 2002 as amended through Pub. L. 116–283), PCII’s implementing regulations (6 CFR part 29), the PCII Program Procedures Manual, and any supplementary guidance officially communicated by an authorized official of the Department of Homeland Security, the PCII Program Manager, or a PCII Program Manager Designee;

(3) Sensitive Security Information (SSI) as defined in 49 CFR part 1520, “Protection of Sensitive Security Information,” as amended, and any supplementary guidance officially communicated by an authorized official of the Department of Homeland Security (including the Assistant Secretary for the Transportation Security Administration or designee), including Department of Homeland Security MD 11056.1, “Sensitive Security Information (SSI)” and, within the Transportation Security Administration, TSA MD 2810.1, “SSI Program”;

(4) Homeland Security Agreement Information means information the Department of Homeland Security receives pursuant to an agreement with State, local, Tribal, territorial, or private sector partners that is required to be protected by that agreement. The Department receives this information in furtherance of the missions of the Department, including, but not limited to, support of the Fusion Center Initiative and activities for cyber information sharing consistent with the Cybersecurity Information Sharing Act of 2015;

(5) Homeland Security Enforcement Information means unclassified information of a sensitive nature lawfully created, possessed, or transmitted by the Department of

Homeland Security in furtherance of its immigration, customs, and other civil and criminal enforcement missions, the unauthorized disclosure of which could adversely impact the mission of the Department;

(6) International Agreement Information means information the Department of Homeland Security receives that is required to be protected by an information sharing agreement or arrangement with a foreign government, an international organization of governments or any element thereof, an international or foreign public or judicial body, or an international or foreign private or non-governmental organization;

(7) Information Systems Vulnerability Information (ISVI) means:

(i) Department of Homeland Security information technology (IT) systems data revealing infrastructure used for servers, desktops, and networks; applications name, version, and release; switching, router, and gateway information; interconnections and access methods; and mission or business use/need. Examples of ISVI are systems inventories and enterprise architecture models. Information pertaining to national security systems and eligible for classification under Executive Order 13526 will be classified as appropriate; and/or

(ii) Information regarding developing or current technology, the release of which could hinder the objectives of the Department, compromise a technological advantage or countermeasure, cause a denial of service, or provide an adversary with sufficient information to clone, counterfeit, or circumvent a process or system;

(8) Operations Security Information means Department of Homeland Security

information that could be collected, analyzed, and exploited by a foreign adversary to identify intentions, capabilities, operations, and vulnerabilities that threaten operational security for the missions of the Department;

(9) Personnel Security Information means information that could result in physical risk to Department of Homeland Security personnel or other individuals whom the Department is responsible for protecting;

(10) Physical Security Information means reviews or reports illustrating or disclosing facility infrastructure or security vulnerabilities related to the protection of Federal buildings, grounds, or property. For example, threat assessments, system security plans, contingency plans, risk management plans, business impact analysis studies, and certification and accreditation documentation;

(11) Privacy Information includes both Personally Identifiable Information (PII) and Sensitive Personally Identifiable Information (SPII). PII refers to information that can be used to distinguish or trace an individual's identity, either alone, or when combined with other information that is linked or linkable to a specific individual; and SPII is a subset of PII that if lost, compromised, or disclosed without authorization could result in substantial harm, embarrassment, inconvenience, or unfairness to an individual. To determine whether information is PII, DHS will perform an assessment of the specific risk that an individual can be identified using the information with other information that is linked or linkable to the individual. In performing this assessment, it is important to recognize that information that is not PII can become PII whenever additional

information becomes available, in any medium or from any source, that would make it possible to identify an individual. Certain data elements are particularly sensitive and may alone present an increased risk of harm to the individual.

(i) Examples of stand-alone PII that are particularly sensitive include: Social Security numbers (SSNs), driver's license or State identification numbers, Alien Registration Numbers (A-numbers), financial account numbers, and biometric identifiers.

(ii) Multiple pieces of information may present an increased risk of harm to the individual when combined, posing an increased risk of harm to the individual. SPII may also consist of any grouping of information that contains an individual's name or other unique identifier plus one or more of the following elements:

(A) Truncated SSN (such as last 4 digits);

(B) Date of birth (month, day, and year);

(C) Citizenship or immigration status;

(D) Ethnic or religious affiliation;

(E) Sexual orientation;

(F) Criminal history;

(G) Medical information; and

(H) System authentication information, such as mother's birth name, account passwords, or personal identification numbers (PINs).

(iii) Other PII that may present an increased risk of harm to the individual depending on its context, such as a list of employees and their performance ratings or an unlisted home address or phone number. The context includes the purpose for which the PII was collected, maintained, and used. This assessment is critical because the same information in different contexts can reveal additional information about the impacted individual.

(b) Information Resources means information and related resources, such as personnel, equipment, funds, and information technology.

(c) Contractor employees working on this contract must complete such forms as may be necessary for security or other reasons, including the conduct of background investigations to determine suitability. Completed forms shall be submitted as directed by the Contracting Officer. Upon the Contracting Officer's request, the Contractor's employees shall be fingerprinted or subject to other investigations as required. All Contractor employees requiring recurring access to government facilities or access to CUI or information resources are required to have a favorably adjudicated background investigation prior to commencing work on this contract unless this requirement is waived under Departmental procedures.

(d) The Contracting Officer may require the Contractor to prohibit individuals from working on the contract if the Government deems their initial or continued employment contrary to the public interest for any reason, including, but not limited to, carelessness, insubordination, incompetence, or security concerns.

(e) Work under this contract may involve access to CUI. The Contractor shall access and use CUI only for the purpose of furnishing advice or assistance directly to the Government in support of the Government's activities, and shall not disclose, orally or in writing, CUI for any other purpose to any person unless authorized in writing by the Contracting Officer. For those Contractor employees authorized to access CUI, the Contractor shall ensure that these persons receive initial and refresher training concerning the protection and disclosure of CUI. Initial training shall be completed within 60 days of contract award and refresher training shall be completed every 2 years thereafter.

(f) The Contractor shall include this clause in all subcontracts at any tier where the subcontractor may have access to government facilities, CUI, or information resources.

(End of clause)

ALTERNATE I (JULY 2023)

When the contract will require Contractor employees to have access to information resources, add the following paragraphs:

(g) Before receiving access to information resources under this contract, the individual must complete a security briefing; additional training for specific categories of CUI, if identified in the

contract; and any nondisclosure agreement furnished by DHS. The Contracting Officer's Representative (COR) will arrange the security briefing and any additional training required for specific categories of CUI.

(h) The Contractor shall have access only to those areas of DHS information resources explicitly stated in this contract or approved by the COR in writing as necessary for performance of the work under this contract. Any attempts by Contractor personnel to gain access to any information resources not expressly authorized by the terms and conditions in this contract, or as approved in writing by the COR, are strictly prohibited. In the event of violation of this provision, DHS will take appropriate actions with regard to the contract and the individual(s) involved.

(i) Contractor access to DHS networks from a remote location is a temporary privilege for mutual convenience while the Contractor performs business for DHS. It is not a right, a guarantee of access, a condition of the contract, or government-furnished equipment (GFE).

(j) Contractor access will be terminated for unauthorized use. The Contractor agrees to hold and save DHS harmless from any unauthorized use and agrees not to request additional time or money under the contract for any delays resulting from unauthorized use or access.

(k) Non-U.S. citizens shall not be authorized to access or assist in the development, operation, management, or maintenance of Department IT systems under the contract, unless a waiver has been granted by the Head of the Component or designee, with the concurrence of both the Department's Chief Security Officer (CSO) and the Chief Information Officer (CIO) or their designees. Within DHS Headquarters, the waiver may

be granted only with the approval of both the CSO and the CIO or their designees. In order for a waiver to be granted:

(1) There must be a compelling reason for using this individual as opposed to a U.S. citizen; and

(2) The waiver must be in the best interest of the Government.

(l) Contractors shall identify in their proposals the names and citizenship of all non-U.S. citizens proposed to work under the contract. Any additions or deletions of non-U.S. citizens after contract award shall also be reported to the Contracting Officer.

(End of clause)

ALTERNATE II (JULY 2023)

When the Department has determined contract employee access to controlled unclassified information or Government facilities must be limited to U.S. citizens and lawful permanent residents, but the contract will not require access to information resources, add the following paragraphs:

(g) Each individual employed under the contract shall be a citizen of the United States of America, or an alien who has been lawfully admitted for permanent residence as evidenced by a Permanent Resident Card (USCIS I-551). Any exceptions must be approved by the Department's Chief Security Officer or designee.

(h) Contractors shall identify in their proposals, the names and citizenship of all non-U.S. citizens proposed to work under the contract. Any additions or deletions of non-U.S. citizens after contract award shall also be reported to the contracting officer.

(End of clause)

3052.204-72 Safeguarding of Controlled Unclassified Information.

SAFEGUARDING OF CONTROLLED UNCLASSIFIED INFORMATION (JULY 2023)

(a) *Definitions.* As used in this clause—

Adequate Security means security protections commensurate with the risk resulting from the unauthorized access, use, disclosure, disruption, modification, or destruction of information. This includes ensuring that information hosted on behalf of an agency and information systems and applications used by the agency operate effectively and provide appropriate confidentiality, integrity, and availability protections through the application of cost-effective security controls.

Controlled Unclassified Information (CUI) is any information the Government creates or possesses, or an entity creates or possesses for or on behalf of the Government (other than classified information) that a law, regulation, or Governmentwide policy

requires or permits an agency to handle using safeguarding or dissemination controls. This definition includes the following CUI categories and subcategories of information:

- (1) Chemical-terrorism Vulnerability Information (CVI) as defined in 6 CFR part 27, “Chemical Facility Anti-Terrorism Standards,” and as further described in supplementary guidance issued by an authorized official of the Department of Homeland Security (including the Revised Procedural Manual “Safeguarding Information Designated as Chemical-Terrorism Vulnerability Information” dated September 2008);
- (2) Protected Critical Infrastructure Information (PCII) as set out in the Critical Infrastructure Information Act of 2002 (title XXII, subtitle B of the Homeland Security Act of 2002 as amended through Pub. L. 116–283), PCII’s implementing regulations (6 CFR part 29), the PCII Program Procedures Manual, and any supplementary guidance officially communicated by an authorized official of the Department of Homeland Security, the PCII Program Manager, or a PCII Program Manager Designee;
- (3) Sensitive Security Information (SSI) as defined in 49 CFR part 1520, “Protection of Sensitive Security Information,” as amended, and any supplementary guidance officially communicated by an authorized official of the Department of Homeland Security (including the Assistant Secretary for the Transportation Security Administration or designee), including Department of Homeland Security MD 11056.1, “Sensitive Security Information (SSI)” and, within the Transportation Security Administration, TSA MD 2810.1, “SSI Program”;
- (4) Homeland Security Agreement Information means information the Department of Homeland Security receives pursuant to an agreement with State, local, Tribal, territorial, or private sector partners that is required to be protected by that agreement. The Department receives this information in furtherance of the missions of the Department, including, but not limited to, support of the Fusion Center Initiative and activities for cyber information sharing consistent with the Cybersecurity Information Sharing Act of 2015;
- (5) Homeland Security Enforcement Information means unclassified information of a sensitive nature lawfully created, possessed, or transmitted by the Department of Homeland Security in furtherance of its immigration, customs, and other civil and criminal enforcement missions, the unauthorized disclosure of which could adversely impact the mission of the Department;
- (6) International Agreement Information means information the Department of Homeland Security receives that is required to be protected by an information sharing agreement or arrangement with a foreign government, an international organization of governments or any element thereof, an international or foreign

public or judicial body, or an international or foreign private or non-governmental organization;

(7) Information Systems Vulnerability Information (ISVI) means:

(i) Department of Homeland Security information technology (IT) systems data revealing infrastructure used for servers, desktops, and networks; applications name, version, and release; switching, router, and gateway information; interconnections and access methods; and mission or business use/need. Examples of ISVI are systems inventories and enterprise architecture models. Information pertaining to national security systems and eligible for classification under Executive Order 13526 will be classified as appropriate; and/or

(ii) Information regarding developing or current technology, the release of which could hinder the objectives of the Department, compromise a technological advantage or countermeasure, cause a denial of service, or provide an adversary with sufficient information to clone, counterfeit, or circumvent a process or system;

(8) Operations Security Information means Department of Homeland Security information that could be collected, analyzed, and exploited by a foreign adversary to identify intentions, capabilities, operations, and vulnerabilities that threaten operational security for the missions of the Department;

(9) Personnel Security Information means information that could result in physical risk to Department of Homeland Security personnel or other individuals whom the Department is responsible for protecting;

(10) Physical Security Information means reviews or reports illustrating or disclosing facility infrastructure or security vulnerabilities related to the protection of Federal buildings, grounds, or property. For example, threat assessments, system security plans, contingency plans, risk management plans, business impact analysis studies, and certification and accreditation documentation;

(11) Privacy Information includes both Personally Identifiable Information (PII) and Sensitive Personally Identifiable Information (SPII). PII refers to information that can be used to distinguish or trace an individual's identity, either alone, or when combined with other information that is linked or linkable to a specific individual; and SPII is a subset of PII that if lost, compromised, or disclosed without authorization could result in substantial harm, embarrassment, inconvenience, or unfairness to an individual. To determine whether information is PII, the DHS will perform an assessment of the specific risk that an individual can be identified using the information with other information that is linked or linkable to the individual. In performing this assessment, it is important to

recognize that information that is not PII can become PII whenever additional information becomes available, in any medium or from any source, that would make it possible to identify an individual. Certain data elements are particularly sensitive and may alone present an increased risk of harm to the individual.

(i) Examples of stand-alone PII that are particularly sensitive include: Social Security numbers (SSNs), driver's license or State identification numbers, Alien Registration Numbers (A-numbers), financial account numbers, and biometric identifiers.

(ii) Multiple pieces of information may present an increased risk of harm to the individual when combined, posing an increased risk of harm to the individual. SPII may also consist of any grouping of information that contains an individual's name or other unique identifier plus one or more of the following elements:

- (A) Truncated SSN (such as last 4 digits);
- (B) Date of birth (month, day, and year);
- (C) Citizenship or immigration status;
- (D) Ethnic or religious affiliation;
- (E) Sexual orientation;
- (F) Criminal history;
- (G) Medical information; and
- (H) System authentication information, such as mother's birth name, account passwords, or personal identification numbers (PINs).

(iii) Other PII that may present an increased risk of harm to the individual depending on its context, such as a list of employees and their performance ratings or an unlisted home address or phone number. The context includes the purpose for which the PII was collected, maintained, and used. This assessment is critical because the same information in different contexts can reveal additional information about the impacted individual.

Federal information means information created, collected, processed, maintained, disseminated, disclosed, or disposed of by or for the Federal Government, in any medium or form.

Federal information system means an information system used or operated by an agency or by a Contractor of an agency or by another organization on behalf of an agency.

Handling means any use of controlled unclassified information, including but not limited to marking, safeguarding, transporting, disseminating, re-using, storing, capturing, and disposing of the information.

Incident means an occurrence that—

- (1) Actually or imminently jeopardizes, without lawful authority, the integrity, confidentiality, or availability of information or an information system; or
- (2) Constitutes a violation or imminent threat of violation of law, security policies, security procedures, or acceptable use policies.

Information Resources means information and related resources, such as personnel, equipment, funds, and information technology.

Information Security means protecting information and information systems from unauthorized access, use, disclosure, disruption, modification, or destruction in order to provide—

- (1) Integrity, which means guarding against improper information modification or destruction, and includes ensuring information nonrepudiation and authenticity;
- (2) Confidentiality, which means preserving authorized restrictions on access and disclosure, including means for protecting personal privacy and proprietary information; and
- (3) Availability, which means ensuring timely and reliable access to and use of information.

Information System means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information.

(b) Handling of Controlled Unclassified Information.

- (1) Contractors and subcontractors must provide adequate security to protect CUI from unauthorized access and disclosure. Adequate security includes compliance with DHS policies and procedures in effect at the time of contract award. These policies and procedures are accessible at <https://www.dhs.gov/dhs-security-and-training-requirements-contractors>.
- (2) The Contractor shall not use or redistribute any CUI handled, collected, processed, stored, or transmitted by the Contractor except as specified in the contract.
- (3) The Contractor shall not maintain SPII in its invoicing, billing, and other recordkeeping systems maintained to support financial or other administrative functions. It is acceptable to maintain in these systems the names, titles, and contact information for the Contracting Officer's

Representative (COR) or other government personnel associated with the administration of the contract, as needed.

(4) Any government data provided, developed, or obtained under the contract, or otherwise under the control of the Contractor, shall not become part of the bankruptcy estate in the event a Contractor and/or subcontractor enters bankruptcy proceedings.

(c) *Incident Reporting Requirements.*

(1) Contractors and subcontractors shall report all known or suspected incidents to the Component Security Operations Center (SOC) in accordance with Attachment F, *Incident Response*, to DHS Policy Directive 4300A *Information Technology System Security Program, Sensitive Systems*. If the Component SOC is not available, the Contractor shall report to the DHS Enterprise SOC. Contact information for the DHS Enterprise SOC is accessible at <https://www.dhs.gov/dhs-security-and-training-requirements-contractors>. Subcontractors are required to notify the prime Contractor that it has reported a known or suspected incident to the Department. Lower tier subcontractors are required to likewise notify their higher tier subcontractor, until the prime contractor is reached. The Contractor shall also notify the Contracting Officer and COR using the contact information identified in the contract. If the report is made by phone, or the email address for the Contracting Officer or COR is not immediately available, the Contractor shall contact the Contracting Officer and COR immediately after reporting to the Component or DHS Enterprise SOC.

(2) All known or suspected incidents involving PII or SPII shall be reported within 1 hour of discovery. All other incidents shall be reported within 8 hours of discovery.

(3) CUI transmitted via email shall be protected by encryption or transmitted within secure communications systems. CUI shall be transmitted using a *FIPS 140-2/140-3 Security Requirements for Cryptographic Modules* validated cryptographic module identified on <https://csrc.nist.gov/projects/cryptographic-module-validation-program/validated-modules>. When this is impractical or unavailable, for Federal information systems only, CUI may be transmitted over regular email channels. When using regular email channels, Contractors and subcontractors shall not include any CUI in the subject or body of any email. The CUI shall be included as a password-protected attachment with the password provided under separate cover, including as a separate email. Recipients of CUI information will comply with any email restrictions imposed by the originator.

(4) An incident shall not, by itself, be interpreted as evidence that the Contractor or Subcontractor has failed to provide adequate information security safeguards for CUI or has otherwise failed to meet the requirements of the contract.

(5) If an incident involves PII or SPII, in addition to the incident reporting guidelines in Attachment F, *Incident Response*, to DHS Policy Directive 4300A *Information Technology System Security Program, Sensitive Systems*, Contractors shall also provide as many of the following data elements that are available at the time the incident is reported, with any remaining data elements provided within 24 hours of submission of the initial incident report:

- (i) Unique Entity Identifier (UEI);
- (ii) Contract numbers affected unless all contracts by the company are affected;
- (iii) Facility CAGE code if the location of the event is different than the prime Contractor location;
- (iv) Point of contact (POC) if different than the POC recorded in the System for Award Management (address, position, telephone, and email);
- (v) Contracting Officer POC (address, telephone, and email);
- (vi) Contract clearance level;
- (vii) Name of subcontractor and CAGE code if this was an incident on a subcontractor network;
- (viii) Government programs, platforms, or systems involved;
- (ix) Location(s) of incident;
- (x) Date and time the incident was discovered;
- (xi) Server names where CUI resided at the time of the incident, both at the Contractor and subcontractor level;
- (xii) Description of the government PII or SPII contained within the system; and
- (xiii) Any additional information relevant to the incident.

(d) *Incident Response Requirements.*

(1) All determinations by the Department related to incidents, including response activities, will be made in writing by the Contracting Officer.

(2) The Contractor shall provide full access and cooperation for all activities determined by the Government to be required to ensure an effective incident response, including providing all requested images, log files, and event information to facilitate rapid resolution of incidents.

(3) Incident response activities determined to be required by the Government may include, but are not limited to, the following:

- (i) Inspections;
- (ii) Investigations;
- (iii) Forensic reviews;
- (iv) Data analyses and processing; and
- (v) Revocation of the Authority to Operate (ATO), if applicable.

(4) The Contractor shall immediately preserve and protect images of known affected information systems and all available monitoring/packet capture data. The monitoring/packet capture data shall be retained for at least 180 days from submission of the incident report to allow DHS to request the media or decline interest.

(5) The Government, at its sole discretion, may obtain assistance from other Federal agencies and/or third-party firms to aid in incident response activities.

(e) *Certificate of Sanitization of Government and Government-Activity-Related Files and Information.* Upon the conclusion of the contract by expiration, termination, cancellation, or as otherwise indicated in the contract, the Contractor shall return all CUI to DHS and/or destroy it physically and/or logically as identified in the contract unless the contract states that return and/or destruction of CUI is not required. Destruction shall conform to the guidelines for media sanitization contained in NIST SP 800–88, *Guidelines for Media Sanitization*. The Contractor shall certify and confirm the sanitization of all government and government-activity related files and information. The Contractor shall submit the certification to the COR and Contracting Officer following the template provided in NIST SP 800–88, *Guidelines for Media Sanitization*, Appendix G.

(f) *Other Reporting Requirements.* Incident reporting required by this clause in no way rescinds the Contractor’s responsibility for other incident reporting pertaining to its unclassified information systems under other clauses that may apply to its contract(s), or as a result of other applicable statutory or regulatory requirements, or other U.S. Government requirements.

(g) *Subcontracts.* The Contractor shall insert this clause in all subcontracts and require subcontractors to include this clause in all lower tier subcontracts when subcontractor employees will have access to CUI; CUI will be collected or maintained on behalf of the agency by a subcontractor; or a subcontractor information system(s) will be used to process, store, or transmit CUI.

(End of clause)

ALTERNATE I (JULY 2023)

When Federal information systems, which include Contractor information systems operated on behalf of the agency, are used to collect, process, store, or transmit CUI, add the following paragraphs:

(h) *Authority to Operate.* The Contractor shall not collect, process, store, or transmit CUI within a Federal information system until an ATO has been granted by the Component or Headquarters CIO, or designee. Once the ATO has been granted by the Government, the Contracting Officer shall incorporate the ATO into the contract as a compliance document. Unless otherwise specified in the ATO letter, the ATO is valid for 3 years. An ATO is granted at the sole discretion of the Government and can be revoked at any time. Contractor receipt of an ATO does not create any contractual right of access or entitlement. The Government's grant of an ATO does not alleviate the Contractor's responsibility to ensure the information system controls are implemented and operating effectively.

(1) *Complete the Security Authorization process.* The Security Authorization (SA) process shall proceed according to DHS Policy Directive 4300A *Information Technology System Security Program, Sensitive Systems* (Version 13.3, February 13, 2023), or any successor publication; and the *Security Authorization Process Guide*, including templates. These policies and templates are accessible at <https://www.dhs.gov/dhs-security-and-training-requirements-contractors>.

(i) *Security Authorization Package.* The SA package shall be developed using the government-provided Security Requirements Traceability Matrix and SA templates. The SA package consists of the following: Security Plan, Contingency Plan, Contingency Plan Test Results, Configuration Management Plan, Security Assessment Plan, Security Assessment Report, and Authorization to Operate Letter. Additional documents that may be required include a Plan(s) of Action and Milestones and Interconnection Security Agreement(s). The Contractor shall submit a signed copy of the SA package, validated by an independent third party, to the COR for review and approval by the Component or Headquarters CIO, or designee, at least 30 days prior to the date of operation of the information system. The Government is the final authority on the compliance of the SA package and may limit the number of resubmissions of modified documents.

(ii) *Independent Assessment.* Contractors shall have an independent third party validate the security and privacy controls in place for the information system(s). The independent third party shall review and analyze the SA package, and report on technical, operational, and management level deficiencies as outlined in NIST SP 800–53, *Security and Privacy Controls for Information Systems and Organizations*, or successor publication, accessible at <https://csrc.nist.gov/publications/sp>.

The Contractor shall address all deficiencies before submitting the SA package to the COR for review.

(2) *Renewal of ATO.* Unless otherwise specified in the ATO letter, the Contractor shall renew the ATO every 3 years. The Contractor is required to update its SA package as part of the ATO renewal process for review and verification of security controls. Review and verification of security controls is independent of the system production date and may include onsite visits that involve physical or logical inspection of the Contractor environment to ensure controls are in place. The updated SA package shall be submitted for review and approval by the Component or Headquarters CIO, or designee, at least 90 days before the ATO expiration date. The Contractor shall update its SA package by one of the following methods:

(i) Updating the SA package in the DHS Information Assurance Compliance System; or

(ii) Submitting the updated SA package directly to the COR.

(3) *Security Review.* The Government may elect to conduct periodic reviews to ensure that the security requirements contained in the contract are being implemented and enforced. The Government, at its sole discretion, may obtain assistance from other Federal agencies and/or third-party firms to aid in security review activities. The Contractor shall afford DHS, the Office of the Inspector General, other government organizations, and Contractors working in support of the Government access to the Contractor's facilities, installations, operations, documentation, databases, networks, systems, and personnel used in the performance of this contract. The Contractor shall, through the Contracting Officer and COR, contact the Component or Headquarters CIO, or designee, to coordinate and participate in review and inspection activity by government organizations external to DHS. Access shall be provided, to the extent necessary as determined by the Government (including providing all requested images), for the Government to carry out a program of inspection, investigation, and audit to safeguard against threats and hazards to the integrity, availability, and confidentiality of government data or the function of computer systems used in performance of this contract and to preserve evidence of computer crime.

(4) *Federal Reporting and Continuous Monitoring Requirements.* Contractors operating information systems on behalf of the Government shall comply with Federal reporting and information system continuous monitoring requirements. Reporting requirements are determined by the Government and are defined in the Fiscal Year 2015 DHS Information Security Performance Plan, or successor publication, accessible at <https://www.dhs.gov/dhs-security-and-training-requirements-contractors>. The plan is updated on an annual basis. Annual, quarterly, and monthly data collection will be coordinated by the Government. The Contractor shall provide the Government with all information to fully satisfy

Federal reporting requirements for information systems. The Contractor shall provide the COR with requested information within 3 business days of receipt of the request. Unless otherwise specified in the contract, monthly continuous monitoring data shall be stored at the Contractor's location for a period not less than 1 year from the date the data are created. The Government may elect to perform information system continuous monitoring and IT security scanning of information systems from government tools and infrastructure.

(End of clause)

3052.204-73 Notification and Credit Monitoring Requirements for Personally Identifiable Information Incidents. (JUL 2023)

(a) *Definitions.* Privacy Information includes both Personally Identifiable Information (PII) and Sensitive Personally Identifiable Information (SPII). PII refers to information that can be used to distinguish or trace an individual's identity, either alone, or when combined with other information that is linked or linkable to a specific individual; and SPII is a subset of PII that if lost, compromised, or disclosed without authorization could result in substantial harm, embarrassment, inconvenience, or unfairness to an individual. To determine whether information is PII, the DHS will perform an assessment of the specific risk that an individual can be identified using the information with other information that is linked or linkable to the individual. In performing this assessment, it is important to recognize that information that is not PII can become PII whenever additional information becomes available, in any medium or from any source, that would make it possible to identify an individual. Certain data elements are particularly sensitive and may alone present an increased risk of harm to the individual.

(1) Examples of stand-alone PII that are particularly sensitive include: Social Security numbers (SSNs), driver's license or State identification numbers, Alien Registration Numbers (A-numbers), financial account numbers, and biometric identifiers.

(2) Multiple pieces of information may present an increased risk of harm to the individual when combined, posing an increased risk of harm to the individual. SPII may also consist of any grouping of information that contains an individual's name or other unique identifier plus one or more of the following elements:

- (i) Truncated SSN (such as last 4 digits);
- (ii) Date of birth (month, day, and year);
- (iii) Citizenship or immigration status;
- (iv) Ethnic or religious affiliation;
- (v) Sexual orientation;
- (vi) Criminal history;
- (vii) Medical information; and

(viii) System authentication information, such as mother's birth name, account passwords, or personal identification numbers (PINs).

(3) Other PII that may present an increased risk of harm to the individual depending on its context, such as a list of employees and their performance ratings or an unlisted home address or phone number. The context includes the purpose for which the PII was collected, maintained, and used. This assessment is critical because the same information in different contexts can reveal additional information about the impacted individual.

(b) PII and SPII Notification Requirements.

(1) No later than 5 business days after being directed by the Contracting Officer, or as otherwise required by applicable law, the Contractor shall notify any individual whose PII or SPII was either under the control of the Contractor or resided in an information system under control of the Contractor at the time the incident occurred. The method and content of any notification by the Contractor shall be coordinated with, and subject to prior written approval by, the Contracting Officer. The Contractor shall not proceed with notification unless directed in writing by the Contracting Officer.

(2) All determinations by the Department related to notifications to affected individuals and/or Federal agencies and related services (e.g., credit monitoring) will be made in writing by the Contracting Officer.

(3) Subject to government analysis of the incident and direction to the Contractor regarding any resulting notification, the notification method may consist of letters to affected individuals sent by first-class mail, electronic means, or general public notice, as approved by the Government. Notification may require the Contractor's use of address verification and/or address location services. At a minimum, the notification shall include:

- (i) A brief description of the incident;
- (ii) A description of the types of PII or SPII involved;
- (iii) A statement as to whether the PII or SPII was encrypted or protected by other means;
- (iv) Steps individuals may take to protect themselves;
- (v) What the Contractor and/or the Government are doing to investigate the incident, mitigate the incident, and protect against any future incidents; and
- (vi) Information identifying who individuals may contact for additional information.

(c) Credit Monitoring Requirements. The Contracting Officer may direct the Contractor to:

- (1) Provide notification to affected individuals as described in paragraph (b).
- (2) Provide credit monitoring services to individuals whose PII or SPII was under the control of the Contractor or resided in the information system at the time of the incident for a period beginning the date of the incident and extending not less than 18 months from the date the individual is notified. Credit monitoring services shall be provided from a company with which the Contractor has no affiliation. At a minimum, credit monitoring services shall include:
 - (i) Triple credit bureau monitoring;
 - (ii) Daily customer service;
 - (iii) Alerts provided to the individual for changes and fraud; and
 - (iv) Assistance to the individual with enrollment in the services and the use of fraud alerts.
- (3) Establish a dedicated call center. Call center services shall include:
 - (i) A dedicated telephone number to contact customer service within a fixed period;
 - (ii) Information necessary for registrants/enrollees to access credit reports and credit scores;
 - (iii) Weekly reports on call center volume, issue escalation (i.e., those calls that cannot be handled by call center staff and must be resolved by call center management or DHS, as appropriate), and other key metrics;
 - (iv) Escalation of calls that cannot be handled by call center staff to call center management or DHS, as appropriate;
 - (v) Customized Frequently Asked Questions, approved in writing by the Contracting Officer in coordination with the Component or Headquarters Privacy Officer; and
 - (vi) Information for registrants to contact customer service representatives and fraud resolution representatives for credit monitoring assistance.

(End of clause)

3052.212-70 Contract terms and conditions applicable to DHS acquisition of commercial items. (July 2023)

The Contractor agrees to comply with any provision or clause that is incorporated herein by reference to implement agency policy applicable to acquisition of commercial items or components. The provision or clause in effect based on the applicable regulation cited on the date the solicitation is issued applies unless otherwise stated herein. The following provisions and clauses are incorporated by reference: [The Contracting Officer should either check the provisions and clauses that apply or delete the provisions and clauses that do not apply from the list. The Contracting Officer may add the date of the provision or clause if desired for clarity.]

(a) *Provisions.*

☐ 3052.216-70 Evaluation of Offers Subject to An Economic Price Adjustment Clause.

☐ 3052.219-72 Evaluation of Prime Contractor Participation in the DHS Mentor Protégé Program.

☐ 3052.247-70 F.o.B. Origin Information.

☐ Alternate I

☐ Alternate II

☐ 3052.247-71 F.o.B. Origin Only.

☐ 3052.247-72 F.o.B. Destination Only.

(b) *Clauses.*

☐ 3052.203-70 Instructions for Contractor Disclosure of Violations.

~~XX~~ 3052.204-71 Contractor Employee Access.

☒ Alternate I

☐ Alternate II

~~XX~~ 3052.204-72 Safeguarding of Controlled Unclassified Information.

☒ Alternate I

~~XX~~ 3052.204-73 Notification and Credit Monitoring Requirements for Personally Identifiable Information Incidents.”

~~XX~~ 3052.205-70 Advertisement, Publicizing Awards, and Releases.

☐ Alternate I

~~XX~~ 3052.209-72 Organizational Conflicts of Interest.

☐ 3052.209-73 Limitation on Future Contracting.

~~XX~~ 3052.215-70 Key Personnel or Facilities.

☐ 3052.216-71 Determination of Award Fee.

- ___ 3052.216-72 Performance Evaluation Plan.
- ___ 3052.216-73 Distribution of Award Fee.
- ___ 3052.217-91 Performance. (USCG)
- ___ 3052.217-92 Inspection and Manner of Doing Work. (USCG)
- ___ 3052.217.93 Subcontracts. (USCG)
- ___ 3052.217.94 Lay Days. (USCG)
- ___ 3052.217-95 Liability and Insurance. (USCG)
- ___ 3052.217-96 Title. (USCG)
- ___ 3052.217.97 Discharge of Liens. (USCG)
- ___ 3052.217-98 Delays. (USCG)
- ___ 3052.217-99 Department of Labor Safety and Health Regulations for Ship Repair. (USCG)
- ___ 3052.217-100 Guarantee. (USCG)
- ___ 3052.219-71 DHS Mentor Protégé Program.
- ___ 3052.228-70 Insurance.
- ___ 3052.228-90 Notification of Miller Act Payment Bond Protection. (USCG)
- ___ 3052.228-91 Loss of or Damage to Leased Aircraft. (USCG)
- ___ 3052.228.92 Fair Market Value of Aircraft. (USCG)
- ___ 3052.228-93 Risk and Indemnities. (USCG)
- ___ 3052.236-70 Special Provisions for Work at Operating Airports.
- XX 3052.242-72 Contracting Officer's Representative.

(End of clause)

3052.215-70 Key personnel or facilities. (DEC 2003)

(a) The personnel or facilities specified below are considered essential to the work being performed under this contract and may, with the consent of the contracting parties, be changed from time to time during the course of the contract by adding or deleting personnel or facilities, as appropriate.

(b) Before removing or replacing any of the specified individuals or facilities, the Contractor shall notify the Contracting Officer, in writing, before the change becomes effective. The Contractor shall submit sufficient information to support the proposed action and to enable the Contracting Officer to evaluate the potential impact of the change on this contract. The Contractor shall not remove or replace personnel or facilities until the Contracting Officer approves the change.

(End of clause)

Section 4 –Provisions

REPRESENTATIONS, CERTIFICATIONS, AND OTHER STATEMENTS OF OFFERORS OR RESPONDENTS

The following FAR provision is incorporated by reference into this solicitation:

FAR Clause	Title and Date
FAR 52.209-2	Prohibition on Contracting with Inverted Domestic Corporations-Representation (Nov 2015)
FAR 52.217-4	Evaluation of Options Exercised at Time of Contract Award (Nov 2025)

The following FAR provisions are incorporated in full text into this solicitation:

52.217-5 Evaluation of Options. (SEP 2025) (DEVIATION 25-36)

Except when it is determined in accordance with FAR 17.202(b) not to be in the Government's best interests, the Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. Evaluation of options will not obligate the Government to exercise the option(s).

Except when it is determined in accordance with FAR 17.206(b) not to be in the Government's best interests, the Government will evaluate offers or quotations for award purposes by adding the total price for all options to the total price for the basic requirement to determine the total evaluated price. This includes options under FAR 52.217-8, Option to Extend Services, which applies to this solicitation. Evaluation of options will not obligate the Government to exercise the option(s).

(End of provision)

52.240-90 Security Prohibitions and Exclusions Representations and Certifications.

(a) Definitions. As used in this provision—

Backhaul, covered article, covered telecommunications equipment or services, critical technology, FASCSA order, Intelligence community, interconnection arrangements, national security system, roaming, sensitive compartmented information, sensitive compartmented information system, source, and substantial or essential component have the meanings provided in the clause 52.240-91, Security Prohibitions and Exclusions.

Business operations means engaging in commerce in any form, including by acquiring, developing, maintaining, owning, selling, possessing, leasing, or operating equipment, facilities, personnel, products, services, personal property, real property, or any other apparatus of business or commerce.

Marginalized populations of Sudan means—

(1) Adversely affected groups in regions authorized to receive assistance under section 8(c) of the Darfur Peace and Accountability Act (Pub. L. 109-344) (50 U.S.C. 1701 note); and

(2) Marginalized areas in Northern Sudan described in section 4(9) of such Act.

Restricted business operations means business operations in Sudan that include power production activities, mineral extraction activities, oil-related activities, or the production of military equipment, as those terms are defined in the Sudan Accountability and Divestment Act of 2007 (Pub. L. 110-174). Restricted business operations do not include business operations that the person (as that term is defined in Section 2 of the Sudan Accountability and Divestment Act of 2007) conducting the business can demonstrate—

(1) Are conducted under contract directly and exclusively with the regional government of southern Sudan;

(2) Are conducted under specific authorization from the Office of Foreign Assets Control in the Department of the Treasury, or are expressly exempted under Federal law from the requirement to be conducted under such authorization;

(3) Consist of providing goods or services to marginalized populations of Sudan;

(4) Consist of providing goods or services to an internationally recognized peacekeeping force or humanitarian organization;

(5) Consist of providing goods or services that are used only to promote health or education; or

(6) Have been voluntarily suspended.

Sensitive technology—

(1) Means hardware, software, telecommunications equipment, or any other technology that is to be used specifically—

(i) To restrict the free flow of unbiased information in Iran; or

(ii) To disrupt, monitor, or otherwise restrict speech of the people of Iran; and

(2) Does not include information or informational materials the export of which the President does not have the authority to regulate or prohibit pursuant to section 203(b)(3) of the International Emergency Economic Powers Act (50 U.S.C. 1702(b)(3)).

(b) Procedures.

(1) Covered telecommunications and video surveillance. The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at <https://www.sam.gov> for entities excluded from receiving federal awards for “covered telecommunications equipment or services.”

(2) FASCSA Orders.

(i) The Offeror shall search in SAM for the phrase “FASCSA order” for any covered article, or any products or services produced or provided by a source, if there is an applicable FASCSA order described in paragraph (e) of FAR 52.240-91, Security Prohibitions and Exclusions.

(ii) The Offeror shall review the solicitation for any FASCSA orders that are not in SAM but are effective and apply to the solicitation and resultant contract (see FAR 40.204-1(c)(2)).

(iii) FASCSA orders issued after the date of solicitation do not apply unless added by an amendment to the solicitation.

(c) Covered telecommunications equipment or services representations. By submission of its offer, the Offeror represents that, after conducting a reasonable inquiry (that looks at any information in the Offeror’s possession but does not need to include an internal or third-party audit)—

(1) It will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation, except as waived by the solicitation, or as disclosed in paragraph (g); and

(2) It does not use covered telecommunications equipment or services, or use any equipment, system, or service that uses covered telecommunications equipment or services, except as waived by the solicitation, or as disclosed in paragraph (g).

(d) FASCSA Representation. By submission of this offer, the offeror represents that it has conducted a reasonable inquiry, and that the offeror does not propose to provide or use in response to this solicitation any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by an applicable FASCSA order in effect on the date the solicitation was issued, except as waived by the solicitation, or as disclosed in paragraph (g). A reasonable inquiry will look at any information in the offeror's possession but does not need to include an internal or third-party audit.

(e) Sudan certification. By submission of its offer, the offeror certifies, after conducting a reasonable inquiry (that looks at any information in the offeror's possession but does not need to include an internal or third-party audit), that the offeror does not conduct any restricted business operations in Sudan.

(f) Iran Representation and Certifications.

(1) Except as provided in paragraph (f)(2) of this provision or if a waiver has been granted in accordance with FAR 40.203-3, the offeror, after conducting a reasonable inquiry (that looks at any information in the offeror's possession but does not need to include an internal or third-party audit), by submission of its offer—

(i) Represents, to the best of its knowledge and belief, that the offeror does not export any sensitive technology to the government of Iran or any entities or individuals owned or controlled by, or acting on behalf or at the direction of, the government of Iran;

(ii) Certifies that the offeror, or any person (as defined at section 15 of the Iran Sanctions Act of 1996, Pub. L. 104-172, 50 U.S.C. 1701 note) owned or controlled by the offeror, does not engage in any activities for which sanctions may be imposed under section 5 of the Act. These sanctioned activities are in the areas of development of the petroleum resources of Iran, production of refined petroleum products in Iran, sale and provision of refined petroleum products to Iran, and contributing to Iran's ability to acquire or develop certain weapons or technologies; and

(iii) Certifies that the offeror, and any person owned or controlled by the offeror, does not knowingly engage in any transaction that exceeds \$15,000 with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and interests in property of which are blocked pursuant to the International Emergency Economic Powers Act (50 U.S.C. 1701 et seq.) (see OFAC's Specially Designated Nationals and Blocked Persons List at <https://www.treasury.gov/resource-center/sanctions/SDN-List/Pages/default.aspx>)

(2) Exception for trade agreements. The representation and certification requirements of paragraph (f)(1) of this provision do not apply if—

(i) This solicitation includes a trade agreements notice or certification (e.g., 52.225-6, Trade Agreements Certificate); and

(ii) The offeror has certified that all the offered products to be supplied are designated country end products or designated country construction material.

(iii) The offeror shall email questions concerning sensitive technology to the Department of State at CISADA106@state.gov.

(g) Disclosure.

(1) If the Offeror is not able to represent compliance with the prohibitions in paragraphs (c) or (d), then the Offeror shall disclose within 72 hours to the contracting office identified in paragraph (g)(2) the following information for each product or service not compliant:

(i) Contract number and order number, if applicable;

(ii) Identification of whether this disclosure relates to paragraph (c) on covered telecommunication equipment or services, or to paragraph (d) on FASCSA orders;

(iii) A description of the products or services that the Contractor identifies or has reason to suspect is prohibited (include brand; model number, such as the original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable);

(iv) The entity that produced the product or service (include entity name, unique entity identifier, Contractor and Government Entity (CAGE) code, facilities responsible for design, fabrication, assembly, packaging, and test of the product, and whether the entity was the OEM or a distributor (provide manufacturer codes and distributor codes used for the product));

(v) Description of the functionality of the product or service and how that functionality impacts the risk to the product or service;

(vi) An explanation of any factors relevant to determining if the product or service should be permitted by an applicable exception, exemption, or waiver (if the offeror would like the Government to consider a waiver);

(vii) Whether alternative products or services are available that would be compliant with the prohibition;

(viii) If the product or service is related to item maintenance, include the following information on the item being maintained:

(A) Brand;

(B) Model number, OEM number, manufacturer part number, or wholesaler number; and

(C) Item description, as applicable.

(ix) Any readily available information about mitigation actions undertaken or recommended.

(2) If a disclosure is required to be submitted to a contracting office, the offeror shall submit the disclosure as follows:

(i) If a Department of Defense contracting office, the offeror shall submit the disclosure to the website at <https://dibnet.dod.mil>.

(ii) For all other contracting offices, the Offeror shall submit the disclosure to the Contracting Officer.

(3) If the disclosure provided does not contain any of the information required by paragraph (1), and the Offeror later discovers new information that is required by paragraph (1), then the Offeror shall submit a subsequent disclosure within 72 hours of discovering the new information.

(h) Executive agency review of disclosures. The Contracting Officer will review disclosures provided in paragraph (g) to determine if any applicable waiver may be sought. The Contracting Officer may choose not to pursue a waiver and may instead make an award to an Offeror that does not require a waiver.

(End of provision)

“System updates may lag policy updates. The System for Award Management (SAM) may continue to require entities to complete representations based on provisions that are not included in this solicitation. Contracting officers will rely on representations from offers based on provisions in the solicitation. Entities are not required to, nor are they able to, update their entity registration to remove these representations in SAM.”

Section 5 – Instructions to Quoters

Proposal Due Date and Submission:

The offerors shall submit their quotes associated with Phase I via GSA Ebuy no later than **NOON EDT on December 12, 2025**. **Further instructions for Phase II volume submission will be provided after the Government completes its evaluation of quotes received in response to Phase I.**

No other methods of submission will be accepted.

The Government is not liable for any expenses incurred by the Quoters in developing and submitting quotes for this solicitation.

Communications, Questions, and Amendments

All questions or concerns regarding any aspect of this solicitation shall be submitted electronically and received by e-mail to Lynda.A.Bush@fletc.dhs.gov no later than **NOON EDT on December 5, 2025**. Questions or concerns received after this date and time and not provided in the format below will not be considered by the Government.

The subject line of the e-mail shall contain the following: “Solicitation **70LGLY26QSSB00001** - Questions.” Offerors shall clearly identify the specific section of the solicitation to which each question relates when submitting questions. Reference shall be made to the solicitation section heading, page number of the solicitation, specific location on the page (e.g. third paragraph) to facilitate the Government’s response to each question. Questions shall be submitted in a Microsoft Excel file following the format represented in the table below.

Question #	Reference	Question Category	Question
#	Section or Attachment Section	Contractual or Technical	Question

Two Phase Advisory Down-Select

This solicitation uses a two-phase advisory down-select process.

Phase I includes

Factor 1 Certification Requirements
Factor 2 Technical Approach
Factor 3 Staffing Plan
Factor 4 Corporate Experience
Factor 5 Past Performance

After evaluation of the Phase I proposals, offerors will be provided with an Advisory Down-select Notice in accordance with Section 6 of this solicitation.

Phase II includes

Factor 6 Performance Work Statement (PWS)
Factor 7 Price Proposal

Proposal Section	Page Limit Maximum	Format
PHASE I: Volume I		
Cover Letter		PDF
Factor 1 Certification Requirements	Certificates Only	PDF

Factor 6 Performance Work Statement (PWS)	No limit	PDF
PHASE II: Volume III		
Cover Letter		PDF
Factor 7: Price Proposal	No limit	Excel

Proposal Format Instructions

All submissions, regardless of phase, shall be submitted in accordance with (IAW) the table above and submitted as a **separate document**. Documentation submitted in any other format will not be considered by the Government.

Quoters shall ensure that the attachments for Phases I and II printed on standard 8 ½” by 11” paper with 1-inch margins with page numbers at the bottom of each page. Quoters shall use Times New Roman 12-point.

Offerors shall not exceed the specified page limitations. Pages in excess of the specified page count will not be considered. Further, hyperlinks and/or embedded documents or videos included within evaluation factor responses will not be considered.

Proposal Submission Requirements

Signed Cover Letter for Phase I and Phase II

The offeror shall provide a signed cover letter with the information listed below:

- A. Name of Offeror
- B. Address
- C. City, State, Zip code
- D. GSA Schedule contract number, period of performance and ultimate contract end date.
- E. Unique Entity Identifier (UEI)
- F. Points of Contact (Primary & Alternate) for both Technical and Pricing Proposal
- G. Telephone Number
- H. E-mail Address
- I. Solicitation/Proposal number
- J. Business Size
- K. Date of Proposal
- L. A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and confirming the proposal validity of 120 days.
- M. Names and contact information of individuals authorized to negotiate on the Offeror’s behalf with the Government in connection with this solicitation.
- N. Name, title, and signature of person authorized to sign the proposal.

The following applies for Phase I proposal submissions.

Phase I - Volume I proposal includes,

- 1) Cover Letter
- 2) Copies of all/any Amendments issued.
- 3) Response to Factor 1
- 4) Response to Factor 2
- 5) Response to Factor 3
- 6) Response to Factor 4
- 7) Response to Factor 5

Phase II proposal submissions.

Phase II - Volume II proposal includes

- 1) Cover Letter
- 2) Copies of all/any Amendments issued that apply to Phase II
- 3) Response to Factor 6

Phase II - Volume III proposal includes

- 1) Cover Letter
- 2) Response to Factor 7

Section 6 – Evaluation Factors For Award

Evaluation Process

Quotes shall be submitted in accordance with the instructions outlined. A quote will be rejected if the Contracting Officer determines that the quote does not materially comply with the instructions provided.

The Government is conducting a two-phased evaluation in accordance with FAR Part 8 utilizing streamlined acquisition procedures. The Government intends to make a single award in support of this requirement to the responsible Quoter whose quote is the most advantageous and represents the best value to the Government, based on the Evaluation Factors defined.

The Government will evaluate Phase I and Phase II as listed in the table below. After the Government completes the evaluation of Phase I, an advisory notification letter via e-mail with the advisory recommendation to proceed or not to proceed to Phase II will be sent. Quoters that are the most highly rated for Phase I will be advised to proceed to Phase II. Quoters not among the most highly rated, will be advised that they are unlikely to be viable competitors. The intent of this advice is to minimize development costs for those with little to no chance of receiving an award. The Government's advice will be a recommendation only, and those who are advised not to proceed may elect to continue.

Evaluation Factors	
Phase I	Factor 1, Certification Requirements
	Factor 2, Technical Approach
	Factor 3, Staffing Plan
	Factor 4, Corporate Experience
	Factor 5, Past Performance
Advisory Notification Letters	
Phase II	Factor 6, Performance Work Statement (PWS)
	Factor 7, Price

Failure to participate in Phase I of the solicitation precludes further consideration of a Quoter. Phase II quotes will not be accepted from quoters who have not submitted the Phase I proposal by the date and time stated in this solicitation. Additionally, a Quoter's decision not to participate in Phase II of the procurement precludes further consideration of a Quoter and renders them ineligible for award.

The Government will not conduct discussions as part of the Phase I Advisory Down-Select. The Government does not intend to provide debriefings after the completion of the advisory notifications. Failure to participate in Phase I precludes further consideration of a Quoter.

Failure to comply with the solicitation requirements will result in the removal from the competition as FLETC reserves the right to eliminate quotes that do not conform. Quotes will be reviewed to ensure that all terms and conditions are met.

Basis for Award – Best Value Source Selection

Awards will be made on the basis of best value trade off. Best value, as defined by FAR 2.101 means the expected outcome of an acquisition that, in the Government's estimation, provides the greatest overall benefit in response to the requirement. To establish which quotes represent the best value to the Government, a best value analysis of the Phase I and Phase II non-price factors and price will be conducted. This is a best value trade off evaluation and the Government may make awards to other than the highest technically rated Quotes. As the technical evaluation of proposals approaches equality, greater importance will be placed on price in making the award determination. In the event that two or more quotes are determined not to have any substantial technical differences (i.e., are technically equivalent), awards shall be made to those lower priced.

Relative Order of Importance:

Phase 1: Factors 1 and 2 are equally important, followed by Factors 3, 4 and 5. Factors 3, 4, and 5 are equal.

For Phase II: Factor 6 and Factor 7 are equal

Phase I Evaluation

Phase I – Advisory Down Select Decision and Notification.

1. Certification Requirements (*Mandatory Compliance*):

- **Capability Maturity Model Integration for Services (CMMI-SVC) Certification – Maturity Level 3:**
 - Certification must be issued by an accredited CMMI Lead Appraiser and must be valid at the time of proposal submission and throughout the contract period.
 - Certification must apply to service delivery processes relevant to the contract, including IT operations, service desk support, incident resolution, and process optimization.
 - **Proof of Certification:** Offerors must submit a copy of their valid CMMI-SVC certification as part of their Phase I proposal. The certification must clearly indicate the maturity level, issuing authority, and expiration date.
- **Cybersecurity Maturity Model Certification (CMMC) Level 2:**
 - Certification must be issued by an accredited CMMC Third Party Assessment Organization (C3PAO) and must be valid at the time of proposal submission and throughout the contract period.
 - Certification must cover all systems, processes, and personnel involved in the contract, including subcontractors.
 - **Proof of Certification:** Offerors must submit a copy of their valid CMMC Level 2 certification as part of their Phase I proposal. The certification must clearly indicate the issuing authority, scope of coverage, and expiration date.
- **Ongoing Compliance:**
 - Vendors must maintain both certifications throughout the contract period.
 - Vendors must comply with updates or changes to the certification frameworks as directed by the respective accreditation bodies.
 - The Government reserves the right to periodically verify compliance. **Failure to meet certification requirements or**

provide proof of certification will result in immediate disqualification from the solicitation process.

2. Technical Approach:

- Offerors shall provide a detailed description of their approach to meeting the requirements outlined in the Statement of Objectives (SOO). The technical approach should demonstrate:
 - A clear understanding of the requirements.
 - Feasibility of the proposed solution.
 - Innovation and efficiency in achieving objectives.
 - Examples of past success in similar technical endeavors, including metrics or case studies where applicable.
- **Evaluation Criteria:**
 - The Government will assess the Offeror's ability to meet or exceed the SOO requirements.
 - Proposals that lack sufficient detail or fail to address key requirements will be deemed non-compliant and disqualified.

3. Staffing Plan:

- Offerors shall provide a comprehensive staffing plan that includes:
 - Recruitment and retention strategies, particularly for rural or hard-to-fill locations.
 - Succession planning for key roles to ensure continuity of operations.
 - Training and development programs to ensure staff are equipped to meet technical and security requirements.
 - Strategies to minimize turnover and ensure knowledge transfer.
 - A detailed organizational chart showing key personnel and reporting structures.
- **Evaluation Criteria:**
 - The Government will evaluate the Offeror's ability to provide a qualified and stable workforce capable of meeting the contract requirements.

4. Corporate Experience:

- Offerors shall provide examples of relevant past projects or contracts that demonstrate their ability to perform similar work. The submission should include:
 - Scope and scale of previous projects.
 - Specific challenges encountered and how they were overcome.
 - Relevance to the requirements of this solicitation.
 - Experience managing IT assets, supporting large organizations, and delivering high levels of user satisfaction.
- **Evaluation Criteria:**
 - The Government will assess the relevance, scope, and complexity of the Offeror's prior experience.

5. Past Performance:

- The Government will evaluate past performance using the Contractor Performance Assessment Reporting System (CPARS). Offerors are not required to submit past performance information as part of their proposal.
- If an offeror has no CPARS records, the Government will assign a neutral rating for past performance.
- **Evaluation Criteria:**
 - The Government will evaluate the Offeror's track record of successfully delivering similar services.

Phase II Evaluation

Phase II Evaluation Factors

Phase II focuses on evaluating the Offeror's ability to meet the specific objectives of the contract and the reasonableness of their pricing.

6. Performance Work Statement (PWS):

- Offerors shall submit a draft PWS that outlines their approach to achieving the objectives outlined in the SOO and the Service Catalog. The draft PWS should include:
 - **Objective Summary:** A clear statement of the goals and objectives of the contract.
 - **Technical Approach:** Detailed methodologies and strategies for meeting requirements.
 - **Performance Metrics and Standards:** Proposed metrics to measure success and ensure quality.
 - **Roles and Responsibilities:** Identification of key personnel and their roles.
 - **Risk Mitigation Strategies:** Identification of potential risks and proposed mitigation plans.
- **Evaluation Criteria:**
 - The Government will evaluate the Offeror's understanding of the SOO objectives, the feasibility of their approach, and the clarity of their performance metrics.

7. Price Proposal

- Offerors shall submit pricing information as a separate Excel document. The price proposal will be evaluated for:
 - **Reasonableness:** Alignment with market rates and the scope of work.
 - **Completeness:** Inclusion of all required cost elements.
 - **Competitiveness:** Discounted pricing that reflects the best value for the Government.

“The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement.

Adjectival Ratings

Rating System for Phase 1 and II	
High Confidence	The Government has high confidence that the Quoter understands the requirement, proposes a sound approach, and will be successful in performing the contract.
Some Confidence	The Government has <i>some confidence</i> that the Quoter understands the requirement, proposes a sound approach, and will be successful in performing the contract.
Low Confidence	The Government has low confidence that the Quoter understands the requirement, proposes a sound approach, or will be successful in performing the Contract.

Exchanges with Best-Suited Contractor:

Once the Government determines the quoter that is the best-suited (i.e., the apparent successful quoter), the Government reserves the right to communicate with only that quoter to address any remaining issues, if necessary, and finalize a task order with that quoter. These issues may include technical and price. If the parties cannot successfully address any remaining issues, as determined pertinent at the sole discretion of the Government, the Government reserves the right to communicate with the next best-suited quoter based on the original analysis and address any remaining issues. Once the Government has begun communications with the next best-suited quoter, no further communications with the previous quoter will be entertained until after the task order has been awarded. This process shall continue until an agreement is successfully reached and a task order is awarded.
